REPORT OF THE TRUSTEES OF THE HOMELESS AND HUNGRY CHARITY

Our mission is to help end street homelessness and to offer practical advice on the homeless charities that can help with accommodation.

This has been a very stressful, difficult year for the Charity with matrimonial and health difficulties adding to the pressure.

However, it achieved takings of £8,159 and earned a lot of Goodwill. The likes of Tesco and Sainsburys wanting only Charities who are willing to pay £600 per week to collect in store makes them unaffordable but we manage reasonably well and stay mainly in Staffordshire and Shropshire with the occasional collection in the Black Country.

That begs the question of course "why not expand the operation" The problem then may be who would volunteer two days each week freely and meet me to count the money, week in and week out?

Presently I carry clothing in my car and give them to individuals who need them, but having recently bought one thousand hoodies (men's and lady's) I have been busy distributing them to other homeless charities who have often shown their gratitude by email.

Obviously, we and other charities are trying to collect in a time when people are struggling with the cost living and there is only so much to go around but I am confident things will get better.

On a brighter note, I have just enrolled two young Trustees, who together with the other Trustees may bring some fresh ideas about taking the Charity forward.

We presently have five Trustees, me, Dennis Jones, Ivy Jones Abigail Hampton and Nathan Smith.

David Everett.....

HOMELESS & HUNGRY CHARITY NO. 1206472
YEAR ENDED 31ST OCTOBER 2025
