Objectives and Activities

Charitable Objects

The objects of Naramat are, for the public benefit in East Africa, to advance the Christian faith and to provide support and relief to children and young people in need — in particular, those who are vulnerable or marginalised from society. This is achieved through the provision of counselling and mentoring in line with Christian values, to assist with their reintegration into society.

Naramat provides essential support and safety to young girls who are victims of early child marriage and female genital mutilation (FGM) by enabling them to remain in school. The charity also delivers practical, sustainable projects, including the installation of solar-powered boreholes and syntropic organic food gardens, which allow schools to become more self-supporting through food production and the sale of water.

Key Activities and Developments

- **June 2025 – Naning'Oi Visits and Project Development**
  Trustees visited Naning'Oi Primary School in June 2025 to review the progress of the school and the work completed to date. Following this, Plumpton College returned for their third visit, bringing a group of 30 students.

During this period, several key developments were completed at Naning'Oi, including:

- Expansion of the food forest by a further acre
- Installation of a solar-powered washing facility
- Development of an ICT suite
- Ongoing teaching and learning support

The trip was a significant success. Sarah Davies, the founder, was present to support the trip and oversee project management on behalf of Naramat. During this time, two documentaries were filmed: one showcasing the work of Naramat Charity, and another highlighting the impact of the partnership on both Naning'Oi and Plumpton College students.

- **September 2025 – Education Sponsorship**
  Naramat sponsored a girl from the slums of Nairobi to continue her second year of schooling. She is living with HIV, and the sponsorship ensures she can remain in education with continued support.
- **October 2025 – Partnership Field Visit**
  Naramat conducted a field visit to *Young Innocent Souls of God*, a children's home in Oloitokitok, Kenya, in partnership with Seaford Baptist Church. This visit marked the development of a new collaborative partnership.

A youth mission trip is being planned in collaboration with the church, involving 10 young people. In 2026, planned developments include:

- Installation of a 1-acre garden
- Construction of an electric fence
- Renovation of boys' dormitories

This represents an ongoing and developing partnership.

Financial Review

Financial Overview

Naramat remains financially stable, with funds directed primarily towards sustaining the welfare and development of the girls in its care and maintaining key operational projects.

Reserves Policy

The charity holds reserves sufficient to cover the salaries of three staff members employed at the school on behalf of the charity:

- **Hilton**, the resident missionary who provides pastoral and practical support.
- **Patrick** and **George**, the two full-time gardeners who maintain and develop the shamba (food forest).

These reserves ensure continuity of care and project sustainability, even in the event of funding fluctuations.

5. Future Plans (2026 and Beyond)

Looking ahead to 2026, Naramat's key priority is to secure sustainable funding to strengthen long-term support for the children we serve.

The main objectives are to:

- Secure sufficient funding to provide the Braves with **termly food supplies for the next two years**, ensuring consistent nutrition and wellbeing support.
- Ensure full funding is in place for **school fees for three Braves transitioning into high school**, enabling them to continue their education without interruption.

These priorities reflect our ongoing commitment to educational access, food security, and long-term stability for the children under our care.
