Structure, Governance and Management
The charity operates as a Charitable Incorporated Organisation governed by model constitution and was registered as a charity on 15 February 2004.

In setting the objects of the charity and planning its activities, the trustees confirm that they have given due consideration to the guidance on public benefit published by the Charity Commission.

New Trustees are appointed by the existing Trustees and serve for a period of 2 years, after which they may put themselves forward for reappointment. The Constitution provides for a minimum of 3 Trustees and a maximum of 8 Trustees (see clause 9 (3)).

Objects and Activities
To advance the education of the pupils at the Bwindi Community kindergarten and primary school, and to advance the education of children in south-west Uganda by providing, and assisting in the provision and maintenance of, facilities to include school equipment, enhanced nutrition and access to medical care.

The Charity has created a social media and internet presence, and the charity trustees have found donors from personal contacts, both private individuals and businesses. The funds received have been utilised for the public benefit in providing education and nutrition to the disadvantaged young children in Bwindi to include funding school meals, provision of additional teaching, constructing a new toilet block and new classroom.

The charity's trustees have complied with their duty under section 17 (5) of the Charities Act 2011. As such the trustees can confirm that they have read, understood and complied with the Charity Commission's statutory public benefit guidance ensuring that our Charity's work benefits the public in line with the guidance and in making decisions and carrying out our activities the guidance is considered at all times.

Achievements and Performance
This year our Charity's achievements have been to continue to provide free school meals for the young disadvantaged children, supporting teachers financially to enable them to provide enhanced educational services, and to construct the new toilet block and classroom to enable the school to expand the age group to include children up to 10 years old.

Financial Review
The charity's financial position is sound & supported by donors committed to regular monthly donations on a long term basis.

We hold, in unrestricted funds, reserves to cover 4 months operation of the charity. At the end of the financial year total reserves were £1,723.

In 2026 we will target holding a larger sum on unrestricted reserves for specific projects such as the construction of a perimeter boundary fence and medical insurance cover for all pupils. No Trustee receives any remuneration and willingly covers their own expenses.
