Summary of Expenses January 2025 - December 2025

The cost of leasing the premises remains the highest expense we have as a church. We have been able to manage this effectively.

The church also supports its members who are in difficult financial situations to alleviate in any way that we can. We also have expenses covering the cost of running the church for Sunday services, as well as honour gifts to visiting ministers who are invited for church events.

The church holds a number of outreach events which are open to members of the community. By this we offer an opportunity for fellowship, worship, prayer, counselling and the teaching of the Word of God. These events include our WellSpring Women's conference in August, a Worship Night and a Word Conference both in September. The cost for organising these events are outlined below and these include honourarium for invited guests, cost of travel and accommodation for the invited guests and ministers, cost of paying instrumentalists and catering for the respective days.

Other expenditures for this period include general church expenses, church WiFi, monthly and yearly subscriptions for church phone and Microsoft, church insurance, purchase of equipment, Christmas party and gifts for the volunteers in the church.

The total expenditure for this period is **£33,566.92**
