Structure and Objectives

Twinkle Eye Foundation was registered as a charity with the Charity Commission on 01 July 2024, and is constituted as a Charitable Incorporated Organisation (CIO).

The above trustees served throughout the period. The Board has the power to appoint additional trustees, as it considers fit based on personal competence, specialist skills and experience. None of the trustees have any beneficial interest in the charity and did not receive any remuneration. The trustees are involved in the running of the charity.

The objects of the charity are for the public benefit, for the advancement of health, in particular the ocular health of children and young people experiencing visual impairments living in London and Manchester, particularly but not exclusively by: a) providing treatment for eye conditions, including referrals for specialised care and therapies; b) providing financial support to access specialist eye care services; c) conducting educational initiatives to raise awareness about the importance of paediatric eye health.

Developments and Activities

During the year, the charity received donations of £8,000 and expensed £2,000 through charitable expenditure and support costs.

Public Benefit Statement

The trustees confirm that they have complied with their duty under section 17 of the Charities Act 2011 to have due regard to the Charity Commission's guidance on public benefit.

The charity was established to advance health, in particular the ocular health of children and young people experiencing visual impairments in London and Manchester. It aims to achieve this through facilitating treatment for eye conditions and referrals for specialist care and therapies, providing financial support to enable access to specialist eye care services, and undertaking educational initiatives to raise awareness of the importance of paediatric eye health.

During its first financial period, the charity commenced its activities on a limited basis, laying out the foundation for further development of its charitable work. The trustees intend to build upon these initial activities and develop the charity's programmes in the coming years, with the aim of increasing the support available to children and young people experiencing visual impairments.

The trustees are satisfied that the charity's objectives and planned activities provide a clear public benefit and are in accordance with the guidance set out by the Charity Commission.

Reserves

Reserves of £6,000 represent the available funds at the year end. The present level of funding is adequate to support the continuation of the charity's activities.

Responsibilities of the Trustees

Charity Law requires the trustees to prepare a report and financial statements for each financial period which give a true and fair view of the state of affairs of the charity at the end of the year. These must be in accordance with applicable law and regulations and in accordance with United Kingdom Generally Accepted Accounting Practice (UK GAAP).

The trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charity and of its surplus or deficit for that period.

In preparing these financial statements, the trustees are required to select suitable accounting policies, and then apply them on a consistent basis, making judgements and estimates that are prudent and reasonable. The trustees must also prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue its activities.

The trustees are responsible for keeping adequate accounting records which are sufficient to show and explain the charity's transactions and disclose, with reasonable accuracy at any time, the financial position of the charity and to enable them to ensure that the financial statements comply with Charity Law. The trustees are also responsible for safeguarding the assets and activities of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
