Malinois and Dutch Herder Rescue Rehab Rehome UK

Annual Report

Reporting Period: 2024-2025

Charity Number: 1209919

Overview and Progress

The past year has been a period of development, planning and preparation for Malinois and Dutch Herder Rescue Rehab Rehome UK.

As a growing charity, our primary focus has been on establishing a sustainable foundation from which we can provide meaningful and long-term support to Belgian Malinois and Dutch Herder dogs in need.

During this reporting period, the charity has had no income or trading activity. This is reflective of our current development stage, rather than a lack of commitment or ambition. Our efforts have been concentrated on growing the organisation, establishing the necessary foundations and, most importantly, securing suitable accommodation from which the charity can operate effectively.

Financial Statement

The charity received no income during the reporting period and therefore had no income to declare.

The charity's focus remains on establishing the infrastructure and resources required to support its future charitable activities.

Future Plans and Objectives

Our priorities for the forthcoming year are:

To continue developing and growing the charity.

To secure suitable accommodation to enable us to provide appropriate rescue, rehabilitation and rehoming facilities.

To establish sustainable funding streams through donations, fundraising and potential corporate partnerships.

To build relationships with supporters, businesses and other organisations who share our commitment to the welfare of these breeds.

To develop the resources and facilities necessary to help dogs who require rescue, rehabilitation and responsible rehoming.

Closing Statement

Although we are still in the early stages of establishing the charity, we remain committed to our long-term objectives.

Building a rescue organisation takes time, careful planning and financial stability. We are determined to establish a sustainable charity that can make a genuine difference to the lives of Belgian Malinois and Dutch Herder dogs who find themselves in need of help.

We look forward to the coming year and to taking the next steps towards making our vision a reality.
