The Trustees are pleased to present their report together with the financial statements for the year ended 31 December 2025. The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's trust deed, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice Standard applicable in the UK and Republic of Ireland (SORP FRS 102).

Structure, Governance and Management

The Grace Trust (the **Trust**) (Charity Number 257516) was founded by Trust Deed on 13 March 1968. Established by a member of the Plymouth Brethren Christian Church, the Trust continues to be led by strong Christian principles and makes grants and donations to support the education of young people, alleviate poverty and provide humanitarian relief.

Trustees
The Trustees since 1 January 2025 and to the date that this report was signed, were as follows:

Aller Brook Ltd
Scribefort Ltd

The Directors of Aller Brook Ltd and Scribefort Ltd since 1 January 2025 were as follows:

Richard Blackledge	(resigned 22 May 2026)
Joseph Brewer	
David Brown	(appointed 22 May 2026)
Timothy Dallow	(resigned 22 May 2026)
Russell Freeman	(appointed 22 May 2026)
Charles Hathorn	(resigned 22 May 2026)
Charles Leflaive	
Roscoe Price	(appointed 21 November 2025)
Graham Reiner	(resigned 17 April 2026)

The power to appoint new Trustees is vested with the existing Trustees of the Trust. There is an informal interview and induction process for any new Director of a Trustee (a **Director**). Continuing training for Directors is undertaken through regular meetings and discussions with individuals and organisations in areas supported by the Trust. All Directors are given the relevant documents to review in relation to the responsibility of a charity trustee and the importance of the role, as well as the time commitment required. With regards to specific training, this would relate to their responsibility in the Trust. For example, any Director involved with financial matters would receive a specific handover detailing their responsibilities and duties.

The Directors (collectively, the **Board**) comprise the key management personnel of the charity in charge of directing and controlling, running and operating the trust on a day-to-day basis. All Directors give of their time freely and no Director received remuneration in the year.

The Board has adopted the Charity Governance Code for larger charities, and reports against it on the following areas:

- Organisational Purpose. The Trust's organisational purpose is to raise funds to enable it to deliver public benefit by making donations to charitable causes, especially in the area of education and the support and development of young people. The Board is committed to identifying and providing support in this area, and the success of this is measured and reported on in the impact statement below.

- Leadership. The Trust is led and governed by the Board, members of which are individuals with diverse but relevant experience across business and the third sector. The Board meets regularly to agree strategy and provide direction to the charity and monitor the ongoing effectiveness of the leadership model. The names of the Trustees and Directors who served during the year are detailed earlier in this report.

- Integrity. Integrity is a fundamental governing principle of the Trust, and underlies the actions taken by the Board in all areas. This principle extends to the making of donations and grants to appropriate causes, and the control of any potential conflicts of interest, through openness, policy and joint accountability. The Board understands the importance of retaining the public's trust and confidence, and demonstrable integrity is key for all stakeholders.

- Decision making, risk and control. The aim of the Trust is to have effective and quality decision making, taking into account considerations of risk. This is facilitated by regular reviews of past decisions, resulting impact, and an ongoing consideration and review of risk and risk control. As part of these controls, the Trust maintains a detailed risk register which is reviewed on a regular basis.

- Board effectiveness. The Board meets for formal face to face board meetings on a regular basis, ordinarily monthly. Independence is maintained through a conflicts of interest policy and register, and all decisions agreed at board meetings are documented via formal minutes. The operation of the independent Grant Making Committee is reviewed at Board level on a regular basis.

- Diversity. The Trust recognises that the future sustainability of the charity relies on a suitably diverse approach - both at board level and across volunteers and staffing. The Trust is committed to promoting equal opportunities and creating a culture within the charity in which diversity and inclusion is valued and everyone is treated with dignity and respect. When working towards and within our charitable objects, we are committed to providing equitable treatment to all those we deal with and interact with and support, including beneficiaries, donors, partners and contractors. We do not tolerate unlawful discrimination, harassment or bullying in any form. The Trust is committed to operate in accordance with its Equality, Diversity and Inclusion Statement and this was last updated in March 2025 and will be reviewed by the Board every two years.

- Openness and accountability. As a grant making charity, the Trust is aware that it is accountable to the many and generous donors that make its operations possible. We therefore seek to engage with our stakeholders on a regular basis, with the aim of building good relationships with all who have an interest in our charitable activities. All of our donations are made with the predicted impact as a key factor.

The Board is pleased to report that it considers all aspects of the Code to be applied effectively to the governance of the Trust, and it is the intention of the Board to continue to review and comply with these requirements in the future.

Objectives, Activities and Public Benefit

The objects of the Trust, as set out on the Trust Deed, are for general charitable purposes. The Board has referred to the Charity Commission's guidance on public benefit when reviewing the Trust's aims and objectives, and in future planning activity and setting the grant making policy for the year.

The Trust carries out its objects by making donations to charitable causes, especially in the areas of education, alleviating poverty and providing humanitarian relief.

The Trust's values include integrity, generosity and reflecting the compassion and love of God.

Grant making policy

The Trust has a comprehensive Grant Making Policy, established to maximise the impact of all donations.
While the Trust has a long tradition of supporting educational organisations, the Trust also primarily supports UK registered charities in the areas of non-government emergency services and medical relief, disaster relief, childcare, support for those who are disadvantaged and essential medical research. Grants to educational charities continue to form the largest part of the Trust's charitable activity, and the Trustees primarily select educational charities supporting schools forming part of the OneSchool Global network. One School Global is an independent network of schools attended by families of the Plymouth Brethren Christian Church. While

underpinned by a Christian ethos, the school is not a religious institution and is not owned or operated by the Church. One School Global is committed to providing an education for children and young people regardless of their parents' ability to pay, their academic ability, or any special educational needs.

The Trust is also proactive in its outreach, monitoring the news and aiming to provide impactful donations when situations arise where urgent help is needed. The Trust prioritises responsible giving, with the impact of donations at the forefront of all decision-making.

All applications are considered carefully by a Grant-Making Committee comprising individuals who are not Directors. This allows for additional scrutiny of applications, and unbiased opinions to be presented to the Board, therefore providing increased independence.

The Board has had regard to the guidance contained in the Charity Commission's published guidance on public benefit requirements. The Trustees recognise the importance of being outward looking and make grants to a wide range of charities. The independent Grant Making Committee is encouraged to make grants in accordance with the criteria set out above but also to give due consideration to any applications for grants from charities which might not otherwise fall within the grant making policy.

Checks are made to ensure that charities to whom grants are made are well run and financially sound; that their fundraising and administration costs are proportionate and moderate and therefore maximise the percentage of funds received that are applied to the relevant charitable purpose. The Board also recognises the importance of monitoring the application of funds granted, to ensure that they are used appropriately and responsibly in accordance with the purposes for which they are awarded. To achieve this, recipients of grants from the Trust are expected to report on how the funds have been applied, and the Board uses these reports to assess the impact of the grant making programme, and importantly, the development and progression of this. The Board has considered the Charity Commission's guidance in this area.

Achievements and Performance

During the year ended 31 December 2025 the charity made grants of £67.8 million to a wide range of charitable organisations. The grants provided to these charities have enabled the Trust to achieve its objectives through the furtherance of Christian principles by the support of education, humanitarian aid and alleviation of poverty and the other areas covered by its grant making policy. The Trust affirms the public benefit of providing support to such a range of organisations.

Note 16 contains a list of grants awarded during the year and some examples of the impact of the grant-making programme are set out below:

- **NAF UK** provides funding for the advancement of education and was this year the Trust's largest recipient of funding for functional purposes within the educational sector. NAF UK continues to be a major funding partner to OneSchool Global UK, supporting their delivery of self-directed learning through access to a wide mix of learning methods including the dedicated support of forward-thinking educators, on demand resources and live online lessons utilising tools like Canvas, Zoom and Kami, boosting engagement and developing self-directed learners. OneSchool Global's approach to education means their A-Level and GCSE results continue to be outstanding. The Board is very pleased to see how the Trust's grants, with the additional oversight provided by the NAF board, are supporting progressive education, making these achievements possible.

- **Campus Modernisation Programme** – Throughout the year The Grace Trust supported an initiative called Campus Modernisation Programme (CMP) which meant making grants to property owning education trusts who own the sites used by OneSchool Global UK, helping these trusts source and purchase new campus buildings and extensive refurbishment projects to existing campus buildings to enhance the students environment and quality of learning. A total of £30.9 million was granted for CMP purposes. The CMP initiative is ongoing.

- **OneSchool Global UK** delivers self-directed learning utilising the cutting edge of edtech. Grants directly in support of OSG UK's operating costs have, for example, enabled it to continue to provide IT hardware and other

core equipment items for student and staff use. Grants have also enabled OneSchool Global to keep its fleet of vehicles up to date to ensure safe, reliable and comfortable transit for students to and from school.

- **Rapid Relief Team** is supported extensively by The Grace Trust who is a major donor to this worthy cause. Inspired by community spirit and the gift of giving, the Rapid Relief Team (RRT) serves people with care and compassion in their time of need. RRT offers quality catering assistance and tangible support to charities, government and emergency services confronting some of humankind's greatest challenges.

- **The Central Hardship and Relief Trust and The Caledon Trust** are registered charities in the UK that provides financial assistance to individuals and families in times of hardship and need. The charities focus on relieving poverty and providing assistance to those experiencing financial difficulties along with providing funding for medical support and disability and aged care situations.

- **Educational Charities** – The Trust is passionate about education and continues to support many educational charities, thereby providing opportunities for young people to pursue their learning and personal development, as the full Grants Payable list illustrates.

- **Air Ambulances** - The Trust continues to provide grants to Air Ambulances who do not receive government funding and make life-saving missions to people in serious and urgent need of care. A total of £173,653 was granted to Air Ambulance charities in the UK in the year.

- **Other Charities** - As the full Grants Payable list demonstrates, in addition to the above examples, the Trust supports many other charities in many ways. The purposes of those charities include medical research, relief of poverty, emergency services, medical assistance, care of children, mental health, palliative care, disaster relief, social care, care of disabled, missionary work, homelessness, care of vulnerable adults, care of the aged, bereavement support and hospice care.

Organisational Achievements - The Board are currently building a management team and engaging paid resource to help with the maintenance and development of the charity, and to reduce reliance on day-to-day input from the Board. The Board are confident the investment in our operational resource will further strengthen the charity's resilience and effectiveness.

Fundraising and Volunteers

The Trust's fundraising is undertaken mainly through 'soft sell' marketing campaigns, aimed at making communities aware of the impact which the Grace Trust has. These campaigns are facilitated largely through online presentations, and telephone calls. The charity is registered with the Fundraising Regulator and is committed to follow the Code of Fundraising Practice across all its fundraising activities. During the year under review, the Trustees are pleased to report that there were no failures to comply with the Code of Practice, and the charity received no complaints about the way its fundraising activities were carried out.

To ensure the very best use is made of monies donated and to maximise the impact of our funds, we rely heavily on volunteers for fundraising activities. All persons volunteering for fundraising activities with the Trust are provided with an initial induction and training, to ensure they are fully conversant with their responsibilities and duties under the Code, and in particular, the need to be legal, open, honest, and polite when dealing with members of the public, and to be aware of the potential impact on, and the need to protect vulnerable persons. In particular, volunteers are aware through training of the need to protect vulnerable persons from unreasonable intrusions on their privacy, unduly persistent approaches for money and placing undue pressure on persons to give money.

All of the fundraising activity for the Trust is carried out by a group of volunteers, called the Global Funding Team (GFT). This team was established during 2018 to raise awareness of the Grace Trust and its charitable activities and engage with communities with a view to securing donations from individuals and businesses across the UK. The Board monitor the activities of GFT including scrutinising and approving the campaign materials including, for example, reviewing presentation videos and suggesting revisions. The Board are pleased to be able to report that the activities of GFT have been very successful, donors across the UK continue to support the charity as a result of the efforts and hard work of in excess of 600 volunteers. The Board extend special thanks to these individuals for their contribution.

Financial Review

The Trust's total income for the year was £68,249,632 (2024: £60,746,067). Net movement in funds for the year was £1,916,237 (2024: £10,591,525).

The principal source of funding for the Trust during the year was the income received from the donations from individuals and companies. This income, combined with a donation received from UBT (EU) Ltd, enabled the charity to achieve its objectives as outlined above.

Risk Management

The Board are responsible for establishing and monitoring internal control systems within the Trust. The major risks which may impact the activities of the Trust have been reviewed during the year and The Board are satisfied that the system of internal controls currently in place is adequate, whilst recognising that they are designed to manage rather than eliminate risk. Internal controls are reviewed on an ongoing basis as part of the day-to-day risk management process within the Trust.

The Board has identified the key risks as:

1. A reduction in funding leading to inadequate liquid resources.
2. Any event that potentially could impact on the reputation of the Trust. The Board are aware that although the Trust is not a household name, it is a large charity, handling a significant level of charitable funds, and review activities on a regular basis, with a view to enhancing the reputation and the goodwill of the Trust.

Future periods

Looking ahead to future periods, ongoing assessments and budgets are prepared. At the time of the report, The Board forecast that there is an expectation that donation income will be maintained over the next twelve months. With the funding of the Campus Modernisation Programme continuing into 2027 the Board have prepared a 3-year financial forecast to ensure affordability and going concern aspects have been fully considered.

Investments and Reserves

The minimum level of reserves in the Trust's Reserves Policy is £20 million. This is to enable the level of grants made to be maintained in the short term, even if income decreases. Cash continues to be required to fund grants at short notice and as a result, any surplus resources are held as cash. The Board are aware that the current level of cash reserves is more than this minimum level and have taken two measures as a result:

1. Successfully negotiated high interest returns on the funds that are held in bank deposits.
2. Invested further in growth funds and unit trusts to secure a greater return than high street banks can offer.

During 2022, the Board adopted a revised investment policy for the Trust. This sets out ethical principles consistent with the beliefs of the PBCC community which the Board have concluded it is prudent and proper for the Trust to adopt.

On 31 December 2025, the reserves of the charity comprised £128.1 million. Of these are expendable endowment funds of £52.3 million, comprising the Vision Foundation fund which is being invested for long term growth. There were no other restricted funds at 31.12.2025. Free reserves were £75.8 million. The main reasons for running higher than usual reserves are the anticipated demands of the Campus Modernisation Programme over the ensuing 2 years, and the board's plan to further invest in long term endowment investment in order to further strengthen the long term aims and benefits of the charity as mentioned above.

It is the intention of the Board to continue monitoring the level of reserves, income, and of grant making.

Statement of Trustees' responsibilities

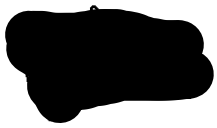

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards).

The law applicable to charities in England and Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions, disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and the provisions of the charity's constitution. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Trustees on 28th August 2026 and signed on their behalf by:

Joseph Brewer
Director of Aller Brook Ltd and Scribefort Ltd
Corporate trustee

Report of the Independent Auditors to the Trustees of The Grace Trust

Opinion

We have audited the financial statements of The Grace Trust for the year ended 31 December 2025 which comprise the statement of financial activities, balance sheet, cash flow statement and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).
In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2025 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Report of the Independent Auditors to the Trustees of The Grace Trust

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 7, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:
We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

Audit response to risks identified:
We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non- compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011.

The accounts have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair' view. This departure has involved following Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

The functional currency is sterling. Monetary amounts in these financial statements are to the nearest £.

Going concern
The members have a reasonable expectation that the charity has adequate resources to continue its activities for the foreseeable future following their review of the financial position, reserves levels and future plans. Accordingly, they continue to adopt the going concern basis for preparing the financial statements.

Critical accounting judgements and key sources of estimation uncertainty
The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The most significant estimate in the financial statements is considered to be the valuation of the unlisted and unquoted investments.

Income
Donations are recognised in the year in which the funds are received. Income is only deferred when the Charity has to fulfil conditions before becoming entitled to it or where the donor has specified that the income is to be expended in a future year. Gift aid is accounted for in the same period as the associated donation.

Investment income is accounted for on a receivable basis.

Expenditure
Expenditure is included on an accruals basis.

Expenditure on charitable activities includes all costs incurred by the Charity in undertaking activities that further its charitable aims. Irrecoverable VAT is charged against the relevant item of expenditure.

Grants payable are recognised when grants have been committed to unconditionally (or where any conditions are not under the control of the Charity) and have been communicated to the recipient.

1. ACCOUNTING POLICIES - continued

Taxation
The charity is exempt from tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Endowment funds are ring-fenced funds which are invested to create further fundraising returns in the future.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Foreign currencies
Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of transaction. All differences are taken to the statement of financial activities.

Investments
Fixed asset investments in subsidiaries are stated at cost less provision for diminution in value.

Unlisted investments are measured at fair value and are reviewed annually to ensure accurate valuation and compliance with financial reporting standards.

Remaining investments are cash held on deposit until invested post year end.

Financial instruments
The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value, with the exception of loans which are subsequently measured at amortised cost using the effective interest method.

Debtors
Trade debtors, accrued income and other debtors are recognised at the settlement amount due and prepayments are valued at the amount prepaid.

Cash and cash equivalents
Cash is represented by cash in hand and deposits with financial institutions.

Creditors
Creditors are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are recognised at their settlement value.

2. DONATIONS AND LEGACIES

Vision Foundation - this expendable endowment fund represents funds which have arisen from a fundraising drive by the charity. These are ring-fenced funds which will be invested to create further fundraising returns in the future.

Restricted funds (OSG) - the fund is for specific capital projects at the OneSchool Global family of schools.

Restricted funds (CMP) - the fund has been donated for the Campus Modernisation Programme, specifically for improving the OneSchool Global campuses to a global standard.

Restricted funds (Education) – this fund is specifically to be used towards education.

15. RELATED PARTY DISCLOSURES

Sam Blackledge, son of Richard Blackledge is a Director at the Rapid Relief Team. The Rapid Relief Team Charity was granted £2,400,000 (2024: £1,085,000) by the Grace Trust in 2025.

During the year the charity received donations totalling £1,663,642 from trustees or from the businesses or other organisation that they control. Some of these donations related to the campus improvement appeal but all were made in the course of the charity's normal operations.
