

Annual Report

of North Petherton Playing Fields Charitable Trust

For the Year Ended 31 March 2025

Introduction

North Petherton Playing Fields Charitable Trust is a Registered Charity (304595) which was established in 1963 to look after the playing fields at Parker's Field (known as Parkersfield) and the Memorial Field (Memorial Park). North Petherton Town Council is the sole managing corporate trustee of the Trust.

North Petherton Playing Fields Charitable Trust operates separately from the Council, with an income from grants and it holds separate bank accounts from the Council.

The Trustees of North Petherton Playing Fields Charitable Trust are pleased to present the annual report for the year ended 31st March 2025.

This has been a busy year for the Trust's Management Committee. Besides the regular maintenance programme, including the grass cutting contracts and keeping the parks clean and tidy, a greatly improved schedule of weekly, operational and annual inspections of all the play equipment has been implemented.

We have also now been able to complete several projects with the generous grant from North Petherton Town Council.

Projects completed

Monies for the BMX Track, cleaning of tennis courts, purchase of picnic bench, resurfacing of Parkersfield Car Park, were committed during the year 24/25, however due to the weather several projects were completed during the spring and summer of 2025.

At the Memorial Park the major repair to the Titan was finally completed and this extremely popular and much-used item of equipment has been back in use for the Easter holidays after having to be re-set into a new concrete base.

The pedestrian gate off Newton Road at Memorial Park has been fitted with a self-closing mechanism, this will improve safety for users. The avenue of cherry trees has been flourishing despite the dry weather, but the commemorative tree by Cllr Bradford's bench has been replaced. The Trust have also ordered a new wheelchair-accessible picnic table to replace the one that was sadly damaged beyond repair

At Parkersfield the car park surface was levelled and topped with a gravel mix which was compacted to fill the potholes. as there is considerable traffic using this area the repairs will be kept under review in case further work will be required. A substantial sum has been allocated for a more permanent solution if this becomes necessary. At present the repair is holding and the surface is smooth to drive over. The Trust has received positive feedback from the public, including from the Football Club who contributed £500 towards the cost.

The ever-popular Tennis Courts at Parkersfield have had a thorough cleaning and are looking and performing much better.

The BMX/Pump Track has been substantially repaired, is again looking good and is very well-used and enjoyed, with enthusiastic feedback from the young riders.

Additionally, at Parkersfield the signage has been replaced and updated at both entrances and at the Toddlers play area, where the self-closing mechanisms on both gates are due to be replaced due to wear and tear. The seesaw, which had been so well-used but worn out since the Toddlers area was designed in 2015, has been replaced with a new model.
