## TRUSTEES REPORT

*FOR THE YEAR ENDED 5 APRIL 2022*

---

The Trustees present their annual report and financial statements for the year ended 5 April 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the Charity's Trust deed, the Charities Act 2011 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

### **Objectives and activities**

The Trust's objectives are the furtherance of medical, biological, and chemical research in the University of Oxford including its colleges, halls, and societies (with priority being given to the Sir William Dunn School of Pathology); the objective is exclusively public and charitable, and grants to be made for the benefit of both current and future research, with mankind being the eventual beneficiary.

The Trustees' aims are to assess current trends and needs in the research being undertaken and to make appropriate grants. The accumulated capital of the fund was built up from royalties in the earlier years and subsequently from investment income. Substantial funds are needed to achieve both the short term and long-term objectives of the fund. Any capital withdrawal needs the consent of all Trustees, and long term planning is essential. The investment policy to all of the Investment Managers is dictated by the terms agreed with the company.

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the Charity should undertake.

The Trustees continue to support research in the Sir William Dunn School of Pathology on an annual basis, in the form of a number of grants for specific purposes.

The Trust's investments are managed by third parties and the funds available and performance are carefully reviewed on a regular basis.

The Trust was founded on 17 March 1967 by Guy Geoffrey Frederick Newton and Professor Sir Edward Abraham for the furtherance of research at the Sir William Dunn School of Pathology in the medical, biological and chemical sciences. In the early years the Trust received royalties from previous research but now relies on income from its endowment fund to make its grants. The intention was to build a significant fund to enable regular important contributions to the above research.

The governing document is the Trust Deed and constitutes an unincorporated charity. The Trust fund is unrestricted and the Trustees have absolute discretion to use of income for the furtherance of the charity's objectives, but there can be no use of capital without the unanimous consent of the Trustees. If the Trustees see no reason to the contrary, they will support research in the medical, biological and chemical sciences at the Sir William Dunn School of Pathology. The Trustees arranged for an independent legal opinion on the Trust Deed in case they wish to change their investment management policy and are reassured that they have authority to make such a move.

### **Public benefits**

The Trustees confirm that they have paid due regard to the Charity Commission's guidance on public benefit in deciding which activities they should undertake; the public will be the ultimate beneficiary of scientific research work carried out in the Sir William Dunn School of Pathology.

# THE GUY NEWTON RESEARCH FUND

## TRUSTEES REPORT (CONTINUED)

*FOR THE YEAR ENDED 5 APRIL 2022*

---

### **Financial review**

The Statement of Financial Activities shows net deficit for the year of £744,104 (2021: net surplus of £5,210,752). There were net investment losses of £607,243 (2021: net gains of £5,390,919). The reserves stand at £14,950,764 (2021: £15,694,868).

The Trust is not dependent on donations or the services of unpaid volunteers. Its investments are held to produce income for grants agreed by the Trustees, who continue to monitor the performance of Investment Managers on a regular basis. Future Grants commitments provided for amounted to £827,344 (2021: £799,580). Grants awarded in the year were £330,000 (2021: £330,000).

### **Funds available**

The Trust spends very little on administration expenses.

The Trustees through their grants and longer-term commitments, feel satisfied that the Trust has achieved its objectives in the year, but are mindful of the need to preserve an appropriate planning strategy for both cash flow and timing of future grants.

The available reserves are sufficient to meet all commitments to date.

It is not possible to set time limits on the achievements of successful research; therefore, the Trustees place great emphasis not only on supporting current research but on maintaining the capital base so that future Trustees will be able to continue to do so. The Trustees review the risks of the Trust at each meeting. The major risks would involve the Trust's investments and grants to be approved. Trust investment managers attend meetings on a regular basis or by special arrangements to take appropriate action.

The Trustees have assessed the major risks to which the Charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

The Trustees have identified projects within the Dunn School for funding whilst at the same time maintaining the value of the Expendable Endowment.

### **Structure, governance and management**

The Trustees who served during the year and up to the date of signature of the financial statements were:

Professor Matthew Freeman

Professor Gillian Griffiths

Professor Elizabeth Robertson

(Appointed 9 November 2021)

Professor Henry Woudhuysen FBA

There shall not be appointed more than five Trustees. The Professor of Pathology in the University of Oxford shall by virtue of office be entitled to be a Trustee and on ceasing that office will cease to be a Trustee ex officio. Other Trustees were appointed by Dr Newton in his lifetime; they are now appointed by the existing Trustees. The Trustees are persons of eminence who command high respect in their respective careers in education and research development. New Trustees are mentored by one of the existing Trustees and are provided with the latest annual report and financial statements, previous minutes and details of grants outstanding, financial procedures, risk assessment, Charity Commission leaflet CC3 (A) and a copy of the Trust Deed.

The day-to-day management and administration are conducted in the Trust Office at the Sir William Dunn School of Pathology by the Administrator to the Trust, Rachel Faulkes. The Trustees' major policy decisions are made at Trust meetings by the Trustees. Other decisions taken between meetings are confirmed at Trust meetings. The quoted portfolio is managed by five investment managers and is reviewed at these meetings with senior representatives of those companies in attendance if requested by the Trustees.

### **Risk Management**

The Trustees have a duty to identify and review the risk to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

The Trustees report was approved by the Board of Trustees.

## **STATEMENT OF TRUSTEES RESPONSIBILITIES**

***FOR THE YEAR ENDED 5 APRIL 2022***

---

The Trustees are responsible for preparing the Trustees Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Charity and of the incoming resources and application of resources of the Charity for that year.

In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping sufficient accounting records that disclose with reasonable accuracy at any time the financial position of the Charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF THE GUY NEWTON RESEARCH FUND

---

### Opinion

We have audited the financial statements of The Guy Newton Research Fund (the 'Charity') for the year ended 5 April 2022 which comprise the statement of financial activities, the balance sheet, the statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charity's affairs as at 5 April 2022 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

### Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The Trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the Trustees report; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

# THE GUY NEWTON RESEARCH FUND

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

### TO THE TRUSTEES OF THE GUY NEWTON RESEARCH FUND

---

#### **Responsibilities of Trustees**

As explained more fully in the statement of Trustees responsibilities, the Trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the Trustees are responsible for assessing the Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to cease operations, or have no realistic alternative but to do so.

#### **Auditor's responsibilities for the audit of the financial statements**

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the company through discussions with directors and other management, and from our knowledge and experience;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the company;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence where applicable; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the charity's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

# THE GUY NEWTON RESEARCH FUND

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

### TO THE TRUSTEES OF THE GUY NEWTON RESEARCH FUND

---

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- assessed whether judgements and assumptions made in determining the accounting estimates were indicative of potential bias; and
- investigated the rationale behind significant or unusual transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance;
- enquiring of management as to actual and potential litigation and claims;
- reviewing relevant correspondence.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Your attention is drawn to the fact that the charity has prepared financial statements in accordance with "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended) in preference to the Accounting and Reporting by Charities: Statement of Recommended Practice issued on 1 April 2005 which is referred to in the extant regulations but has now been withdrawn.

This has been done in order for the financial statements to provide a true and fair view in accordance with current Generally Accepted Accounting Practice.

#### Use of our report

This report is made solely to the Charity's Trustees, as a body, in accordance with part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the Charity's Trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the Charity's Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

## NOTES TO THE FINANCIAL STATEMENTS

*FOR THE YEAR ENDED 5 APRIL 2022*

---

### **1 Accounting policies**

#### **Charity information**

The Guy Newton Research Fund is an unincorporated Trust domiciled in England. Its principal address is: University of Oxford, Sir William Dunn School of Pathology, South Parks Road, Oxford, OX1 3RE.

#### **1.1 Accounting convention**

The financial statements have been prepared in accordance with the Charity's Trust deed, the Charities Act 2011 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)". The Charity is a Public Benefit Entity as defined by FRS 102.

The financial statements are prepared in sterling, which is the functional currency of the Charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, [modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value]. The principal accounting policies adopted are set out below.

#### **1.2 Going concern**

At the time of approving the financial statements, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

#### **1.3 Charitable funds**

These are funds which can be used in accordance with the charitable objects at the discretion of the Trustees.

These are funds that are used for particular purposes within the objects of the Charity. Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the Charity.

#### **1.4 Income**

Income is recognised when the Charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Income from investments is recognised in the year in which it is receivable.

# THE GUY NEWTON RESEARCH FUND

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 5 APRIL 2022

---

### 1 Accounting policies

(Continued)

#### 1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.

The costs comprise of those attributable to managing the investment portfolios and arising investment income.

#### Grant payable

Grants payable have to fall within the terms of the Charity's objects and need approval of the Trustees and the recipient abiding within the terms of reference of the Grant. The Charity had, at the Balance Sheet date, approved grants to be paid in subsequent years. Provision has been made in these financial statements for the Grants as explained in note 11.

#### Governance costs

Governance costs include those costs, such as Auditors' fees, associated with constitutional and statutory requirements of the charity.

#### Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Assets and liabilities denominated in foreign currencies are converted at the year-end exchange rate. All exchange differences are reflected in the income and expenditure account.

#### Volunteer services

The Charity does not rely on the support of volunteer services.

Expenditure is included in the Statement of Financial Activities on an accruals basis inclusive of any VAT which cannot be recovered. They are classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with the use of resources.

All cost categories are individually apportioned and hence support costs are not shown separately.

#### 1.6 Fixed asset investments

Assets held for investment purposes are valued at market value at the balance sheet date. Traded securities are valued at their market quotation as the year end date.

#### 1.7 Cash and cash equivalents

Cash and cash equivalents include cash at banks and in hand and short term deposits with a maturity of three months or less.

#### Basic financial assets

Other debtors are measured at transaction price less any impairment unless the arrangement constitutes a financing transaction in which case the transaction is measure at the present value of the future receipts discounted at the prevailing rate of interest.

# THE GUY NEWTON RESEARCH FUND

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 5 APRIL 2022

### 1 Accounting policies

(Continued)

#### **Basic financial liabilities**

Trade creditors are obligations to pay for goods and services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

### 1.8 Taxation

Charity is exempt from tax on its charitable activities.

#### **Value Added Tax**

Value Added Tax is not recoverable by the Charity and as such is included in the relevant costs in the Statement of Financial Activities.

### 2 Critical accounting estimates and judgements

In the application of the Charity's accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

#### **Critical judgements**

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

#### **Grant creditor**

Grant creditors are judged to have been committed to but not paid by the Trustees. The total of grants creditors at 5 April 2022 was £827,344 (2021: £799,580).
