TRUSTEES' ANNUAL REPORT

for the year ended 5 April 2022

The Trustees present their financial statements and annual report for the year ended 5 April 2022. The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the Will, the Charities Act 2011 (effective 1 January 2019) and Accounting and Reporting by Charities: Statement of Recommended Practice (FRS 102).

Structure, Governance and Management

Constitution

The Charity was established by the Will dated 3 April 1946 of Henry Malcolm Hubbard, as amplified or varied by Court Orders dated 8 June 1962 (Sister's Fund - Construction of Will) and 15 October 1962 (Mrs Marston's Fund - Variation of Trusts Act 1958), by schemes made by the Charity Commission sealed on 21 April 1995, 15 April 1996, 31 May 2011 and 21 April 2016 and by a Deed of Disclaimer by the Public Trustee dated 15 February 2005. Mr Hubbard died on 23 December 1946 and probate of his Will was granted on 18 March 1947.

The Charity needs Trustees with experience of the law and of legal training and also Trustees with a financial background. Trustees are recruited by the existing Trustees through their contacts in these areas. The present Trustees comprise two lawyers, an accountant and a former investment manager.

The power of appointing Trustees is now vested in the surviving Trustees or Trustee for the time being.

Investment powers

The Will gave the Trustees only limited powers of investment and use has been made of the statutory investment powers under the Trustee Act 2000 to delegate discretionary investment powers and to use nominees to hold the Charity's investments.

Governance and internal control

The Trustees have appointed TMF Global Services (UK) Ltd to carry out the day-to-day administration of the Charity. All significant decisions are taken by the Trustees, either at meetings or through consultation out of meetings. All payments must be approved by two Trustees.

The Trustees meet at least once in each year. They receive quarterly investment reports from the Investment Advisers, with whom they meet at least once a year to review investment performance and strategy.

Risk management

The Trustees have considered the major risks to which the Charity is exposed and are satisfied that systems are in place to mitigate those risks.

Objectives and Activities for the Public Benefit

Objectives and how they are achieved

Following the making of a new Scheme under the Charities Act 1993 by the Charity Commission on 21 April 2016, which made certain amendments to the objectives set out in the Will, the principal objective of the charity is to provide scholarships to study in France, Spain or Canada the law and legal procedure of the particular country. However, if suitable candidates cannot be found to fulfil this objective then the Trustees may make an award for the study of the law of the European Union in France and Spain.

To be eligible for the award of a scholarship, a candidate must have obtained either:

- a) a law degree of at least class 2(ii) from a UK university; or
- b) a graduate diploma in law; or
- c) a Chartered Institute of Legal Executives' level 6 diploma in law and practice;

and must evince to the Trustees an intention to pursue a career as a solicitor in England and Wales. However, if suitable candidates cannot be found who fulfil this criterion, the Trustees may make awards to individuals who have qualified and are currently practicing as solicitors.

Under the 31 May 2011 scheme, the amount to be set aside out of income each year for the provision of a scholarship or scholarships was £22,000, or such higher amount as the Trustees may from time to time decide. The Trustees agreed to increase this to £30,000 from 6 April 2017 (The figure was £15,000 prior to the Scheme and originally £1,200 under the Will).

The Trustees advertise the scholarship on the internet and elsewhere. Replies are considered by the Trustees and interviews of the shortlist carried out once a year. Scholarships are generally awarded for a full year's study.

Under the terms of the Will, the remaining income is to be distributed to solicitors and their families in need. The Trustees obtain written assurance from SBA The Solicitors' Charity (the SBA) that any grant to them will be applied appropriately and the Trustees then make sums available to the SBA for onward payment to beneficiaries.

Public benefit

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Trust's aims, objectives and future plans. They are satisfied that all the trust's activities are for the public benefit and that they have complied with the duty in section 17(5) of the 2011 Charities Act.

Achievements and Performance

Review of activities

Total unrestricted incoming resources of the Charity for the year were £68,961 (2021: £65,265), to which an allocation of governance costs of £14,465 were charged, leaving £54,496 (2021: £47,228) available to meet the above objectives. £30,000 was set aside for scholarships, £20,039 passed to the SBA and £2,112 spent on supporting these activities leaving a surplus of £2,345 to be added to the undistributed income of £20,039 brought forward. The balance of £22,384 has been carried forward in accordance with the reserves policy set out below.

One scholarship award was made to study in 2021. The scholar has met the conditions and a scholarship of £20,000 has been paid. After the year end, the Trustees were advised by another prospective scholar that they no longer wish to take up their course in 2022/23 and consequently the Trustees' prospective grant has been credited to the statement of financial activities.

TRUSTEES' ANNUAL REPORT

for the year ended 5 April 2022

Reserves Policy

Scholarships are generally awarded in respect of academic years and the Trustees aim to have sufficient uncommitted income at 1 September each year in the Law Scholarship Income Fund to finance a one-year scholarship. Due to the disruption to educational courses caused by Covid-19, only one scholarship has been paid in recent years and so a larger reserve is presently held. As at 5 April 2022 there was £76,292 in the Law Scholarship Fund.

Investment policy and performance

The investment policy is to maintain the real value of the underlying capital over time through investment in a diversified portfolio of equities, property (through charity property funds), bonds and cash, subject to the income need as determined from time to time by the Trustees. The Trustees have agreed a bespoke benchmark with the fund managers against which the performance of the fund can be measured. This combines different indices for different asset classes weighted appropriately. The total return on permanent endowment investments in the year to 31 March 2022 was +7.06% compared to the total return on the bespoke benchmark over the same year of +10.55%. Taking performance over the last five years into account, the Trustees are satisfied with the performance of the investment managers, but continue to keep the situation under review, taking into account that it is the long-term performance that is the most important. The Trustees are concerned about the present investment outlook and, in particular, the pressure on dividends on which the Charity relies to fund scholarships awarded. The Trustees are in regular contact with the Investment Managers to ensure as far as possible the income requirements can be met in these turbulent times.

Plans for the future

The Trustees will continue to provide scholarships to suitable candidates with any surplus income being distributed to support solicitors and their families in need.

TRUSTEES' ANNUAL REPORT

Statement of the Trustees' responsibilities in respect of the accounts

The Trustees are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

The law applicable to charities in England & Wales, the Charities Act 2011, Charity (Accounts and Reports) Regulations 2008 and the provision of the Will requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that period. In preparing those financial statements the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards and statements of recommended practice have been followed, subject to any departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations and the provisions of the Will. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 5 April 2022

1. ACCOUNTING POLICIES

The principal accounting policies adopted are as follows:

a) Basis of preparation and assessment of going concern

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (FRS 102) (effective 1 January 2019) and the Charities Act 2011 and applicable regulations.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these financial statements.

At the time of approving the financial statements the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The Trustees have considered the impact of COVID-19 on activities and adjusted their operations accordingly. Hence the Trustees continue to adopt the going concern basis of accounting in preparing these financial statements.

b) Fund structure

The permanent endowment represents the funds derived from the estate of the late H M Hubbard and the Trustees are permitted by the Will to distribute only the income earned by the assets held.

The Law Scholarship Income Account represents the income directed by the Will as amended to be used to provide law scholarships and the amounts so awarded. The General Fund Income Account represents the residual income directed by the Will to be used, after support costs and overheads, for solicitors and their families in need.

c) Income recognition

All income is recognised once the Charity has entitlement to the income, there is sufficient certainty of receipt and so it is probable that the income will be received, and the amount of income receivable can be measured reliably.

Interest on funds held is included upon notification of the interest paid or payable. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due. Credit is taken in the accounts for income tax deducted from investment income which has or will be reclaimed from H M Revenue & Customs up to 5 April 2022.

d) Expenditure recognition and irrecoverable VAT

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Grants payable are payments made to third parties in the furtherance of the charitable objectives of the Trust. Grants to solicitors and their families in need are accounted for in full when awarded. Scholarship awards are accounted for during the year of award only if all conditions imposed by the Trustees have been fulfilled, or there is a reasonable expectation that they will be, when the accounts are finalised. Otherwise they are accounted for in the following year.

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

Basic financial instruments are measured at amortised cost.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 5 April 2022

1. ACCOUNTING POLICIES - continued

e) Allocation of governance and other support costs

Overhead and support costs are allocated first between charitable activities and governance. The costs allocated to charitable activities are then further allocated between those relating to the awarding of Law Scholarships and those relating to grants to solicitors and their families in need. The costs allocated to governance are further allocated between the permanent endowment and general income. Where costs are specific to an activity or fund, they have been so allocated. Otherwise, apportionment is based on estimated time spent by the staff of the professional advisers employed in the administrative burden of publicising, awarding, monitoring and assessing grants. The allocation of overhead and support costs is analysed in note 4.

f) Cost of raising funds

The cost of generating funds comprises the investment managers' charges

g) Charitable activities

Costs of charitable activities include grants made and an apportionment of overhead and support costs as shown in note 4b.

h) Governance costs

Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to the independent examination and legal fees together with an apportionment of overhead and support costs.

i) Fixed asset investments

Investments are stated at market value as at the balance sheet date. The statement of financial activities includes the net gains and losses arising on revaluation and disposals throughout the year.

j) Realised gains and losses

All gains and losses are taken to the statement of financial activities as they arise. Realised gains and losses on investments are calculated as the difference between sale proceeds and opening market value (or purchase date if later). Unrealised gains and losses are calculated as the difference between the market value at the year end and opening market value (or cost of purchase if later). Realised and unrealised gains are not separated in the statement of financial activities.

k) Foreign exchange

Transactions denominated in foreign currencies are recorded at the rate of exchange ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at year-end rates and translation differences are taken to the Statement of Financial Activities.

l) Currency

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.
