CHAIRMAN'S STATEMENT
FOR THE YEAR ENDED 31 MARCH 2025

The chairman presents his statement for the year.

It has remained a somewhat challenging year for the Broomgrove Trust, mainly as a result of the Government's increase in the National Living Wage and employers' national insurance contributions, which we had to honour. With reluctance, this could only be managed through a commensurate increase in the fees charged to our residents but, with this explanation, they accepted the need with good grace.

We continue to develop an increasingly inclusive culture, to work hard on staff wellbeing and to invest in all of them through mandatory and development training.

Our software system, PredicAire, is now well embedded in practice and accepted by staff but they require continuing support to ensure that the care plans are internally consistent, personalised, reflective of need and are updated in real time and used. The guidance of Social Services in this has been much appreciated. As familiarity grows, information should be easier to find, with better analytics and improved outcomes for residents as problems in individuals' health and trends should be spotted more readily. Documentation should also take less time so more is spent with our residents. The system to obtain prescription medication for residents called E-MARS has major inadequacies so we have had to return to hard copy prescribing. There are prospects of a replacement system on PredicAire but this is not immediate.

The main factors which influence our financial performance are occupancy levels and staffing costs. Occupancy rates thankfully steadily increased during the year and the last "Needs improvement" CQC assessment does not seem to be adversely affecting these. The Clinical Management Team and the HR Co-ordinator are to be congratulated on controlling staffing costs while maintaining good levels on the floors.

Broomgrove's nursing staff specialise in palliative care which makes Broomgrove a location of choice for individuals with more complex nursing needs. Residents are still at the forefront and we will continue to offer a high level of care alongside encouraging participation in activities and promoting wellbeing.

We have to accept that the financial climate will continue to be challenging. However, this year's operating results were encouraging with the charity reporting an operational surplus. Total resources expenditure of £2,637,816 are 3.45% higher than 2023/24 but we achieved a net operational surplus of £31,376. Managing costs, especially minimising the use of agency staff, which regrettably can be unavoidable, and focusing on a range of actions to achieve a planned improvement in our financial position will remain paramount.

I should like to thank our Home Manager, Judy Warburton, along with all the other members of staff, for their continued hard work and dedication to providing a high level of care at Broomgrove.

I conclude by thanking all the Trustees for their time and commitment.

Dr A J Anderson
Chairman

Date: 8.12.25

THE BROOMGROVE TRUST
(A company limited by guarantee)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)
FOR THE YEAR ENDED 31 MARCH 2025

The Trustees present their report and the audited financial statements of the charity for the year ended 31 March 2025. The Trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by charities" (FRS 102) in preparing the annual report and financial statement of the charity.

The financial statements have been prepared in accordance with the accounting policies set out in notes to the accounts and comply with the charity's governing document, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland published in October 2019.

Objectives and activities

a. Plans for future periods

We review and update future plans and objectives of the charity on a regular basis.

1. Improving and maintaining standards

The quality of care will continue to improve through the recruitment, development and retention of effective and caring staff, receiving appropriate training, within a managed-risk environment. The residents' social well-being will be improved through extended activities and opportunities. The physical environment will continue to be improved through investment in renovation and redecoration throughout the home. The Trustees wish to maintain the best of the caring practices and traditions inherited from the past and continue to develop these to meet the challenges of the future.

2. Achieving a sound financial basis

The charity will continue to develop its services to create opportunities to generate new income to assist in the achievement of a balanced budget, thereby helping to share the costs facing its residents across a wider base. Steps to improve financial accounting and management have been undertaken to assist in better cost control and value for money, in particular the Trustees have decided to use professional asset managers to manage part of the free reserves. The Trust owns the freehold of the property in which the Nursing Home is located.

3. Marketing and business development

A marketing strategy is being followed to achieve a high level of bed occupancy, enabling prices to remain competitive and affordable for our clients, whilst protecting the charity's financial viability through the achievement of acceptable annual surpluses, to fund re-investment (maintaining a 'not-for-profit' ethos).

THE BROOMGROVE TRUST
(A company limited by guarantee)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025

Achievements and performance

a. Review of results and financial position

The Trustees are to report a profit of £31,376 for the year ended 31 March 2025. (2024: deficit of £61,864). Overall income has increased this financial year which is mainly due to an increase in residents' fees of 10%.

The most significant operating expense is payroll, with staff costs accounting for 76% of our operating expenditure. The control of staffing levels and costs is regarded as a priority by the Trustees and management team.

Non-staffing costs have seen a slight increase compared to last year, primarily due to the higher cost of living and rising inflation. These increases are largely driven by external factors beyond our control and inevitably have a knock-on effect on businesses.

No major capital expenditure incurred in this financial year. The level of free reserves has increased for this financial year mainly due to the increase in cash in the bank held and management of costs. For accounting purposes, the profit of £31,376 above is increased to £34,418 by the recognition of unrealised and realised investment gain.

b. Review of activities

The principal activity of the charity during the year continued to be the promotion, management and maintenance of a Nursing Home.

c. Going concern

The Board has prepared forecasts of income and expenditure and cash flow for the period to 31st March 2026 and projections to 31st March 2027. They have subjected these forecasts to sensitivity analysis which shows that they have sufficient reserves to be able to continue for the foreseeable future.

The Trustees have concluded that the charity remains a going concern whilst such viable options are available to it. The Trustees therefore continue to adopt the going concern basis of preparation for these financial statements.

d. Investment policy

Investec Wealth and Investment Ltd continue to manage the portfolio on behalf of the Trustees. The account is to be managed on a discretionary basis with an investment strategy of medium risk and an income objective of 3% per annum. A benchmark has been set made up of 27.5% fixed interest investments, 57.5% equities and commercial property and 15% cash and alternative investments. The Trustees receive a valuation of the portfolio on a quarterly basis and at least annually a manager from Investec presents a verbal report to a meeting of the Trustees.

THE BROOMGROVE TRUST
(A company limited by guarantee)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025

Structure, governance and management

a. Objectives and aims

The objects of The Broomgrove Trust are to provide convalescent, nursing and respite care for the sick and aged in the Sheffield area. It does this through the provision of fully-serviced nursing accommodation for its residential and respite patients. The demand for small self-contained flats is reduced and at the 31st March 2025 only 1 remained and will not be re-let when it becomes vacant. The Trust is fully registered with all required regulatory bodies.

b. Governing document and Trustee appointment

The Charity, The Broomgrove Trust, is a company limited by guarantee and governed by its Memorandum and Articles of Association.

The Trustees, listed on page 1 are all members of the company and liability is limited to £1 per member in the event of the charity being wound up.

New Trustees are recommended by existing Trustees, with reference and regard to the skills requirements of the board which are periodically reviewed by the board. Upon appointment, Trustees receive access to the governing documentation and are briefed by the Chairman on the current status of the company. All Trustees are encouraged to attend external training to keep up to date best practice and legislative requirements.

c. Pay policy for senior staff

Broomgrove's Board of Trustees (all volunteers) delegate the safe and effective running of the charity to the management team.

Broomgrove's Management team comprises the following three members.

Name	Role	Length of service	Qualifications
Ms Judith Warburton	Manager	20 years	SRN, RSCN, Dip N, ENB998
Mrs Helen Mehrotra	Clinical Nurse Lead	3 years (1 year in this post)	SRN
Mrs Janet Biggin	Clinical Nurse Manager (part time)	16 years	SRN

Remuneration for the Management team is determined by the Board of Trustees. Levels of remuneration are set to ensure that Broomgrove attracts good people into these critical roles, with reference to market conditions and the specific skills required. The Management team's performance is monitored by the Board.

d. Organisational structure

The nursing home is managed principally by the Nursing Home Manager, together with a staff of 94 full and part time employees, under the direction of the Trustees. Financial accounting and payroll services are provided under contract by St Luke's Hospice on an arm's length commercial basis. There is no element of cross subsidy arising from this relationship.

Structure, governance and management (continued)

e. Risk management

By closely monitoring and assessing the current and emerging risks that have the potential to impact our activities, we can make the best decisions for our residents and our long-term sustainability.

Overall approach:

The Board of Trustees considers strategic and financial risks on a regular basis and a sub-committee of the Board has been established specifically to cover clinical risks (Clinical Governance Committee).

Broomgrove engages an external organisation to support its risk assessment; risk management and health & safety processes and policies and procedures are designed to enable the achievement of the charity's objectives while controlling the risks associated within the environment in which it operates.

The reporting of risks and the monitoring of actions and controls are conducted by management as part of the governance arrangements, who routinely report the findings to the Trustees. The Trustees utilise the information to prioritise strategic and operational risks and ensure risk action plans are devised and implemented.

The principal risks and uncertainties affecting the charity and their potential impact, together with the means by which they are managed are as follows:

Flu/COVID-19:

The Directors have reconsidered the impact of COVID-19 on the charity's activities, workforce and supply chain, as well as the wider economy and downgraded the impact on the charity. Covid is still an infection which appears from time to time much like Flu and we manage it within the general airborne diseases policy. Staff can return to work following a covid diagnosis, but a risk assessment needs to be completed to ensure resident safety. The risk of mortality was high but is no longer the case.

Financial Risks

- Reduction in occupancy

Potential impact: the majority of income is derived from residents, with the associated risk that occupancy falls below budget, causing a drop in revenue and resultant pressure on cash flow.

Mitigation: the charity continues to focus on continually improving the quality of services and facility to ensure as high an occupancy rate as possible, along with prudent budgeting and ensuring sufficient reserves are retained to meet unexpected deficits. If occupancy reduces or rises, staffing levels are adjusted to match demand.

- Agency Costs

Potential impact: appropriate staffing levels are required to ensure that the correct level of care is provided. With a shortage in qualified nursing staff across the sector, the charity may be required to use agency staff who cost considerably more than their own staff.

Mitigation: Monthly tracking of budget against actual performance including agency usage is undertaken and reported to the Trustees.

THE BROOMGROVE TRUST
(A company limited by guarantee)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025

Structure, governance and management (continued)

- National Minimum Wage and Pension increase

Potential impact: a number of employees have salaries based on the statutory National Minimum Wage/National Living Wage or close to this. As such, legislative increases in the National Minimum Wage and Living Wage, which are in excess of income inflation, could reduce profitability.

Mitigation: the Trust budgets carefully for National Minimum Wage/Living Wage/Pension cost increases and the impact on its cash flow and profitability.

- Reputational risk

Potential impact: a serious incident or harm to one or more residents could result in negative publicity. Such incidents may result in an increase in scrutiny from regulators as well as from residents and their families.

Mitigation: in order to mitigate this risk as far as possible, we have carried out substantial employee training, employee inductions and employee reference procedures, including a criminal background check for all staff. This risk, in particular, is monitored by the Clinical Governance Committee.

- Regulatory risk

Potential impact: the regulatory requirements cover the entire range of the nursing home's function. Failing to comply with regulations including the CQC registration and standard of care, can result in the levy of fines and/or the revocation or suspension of registration or temporary suspension of placements. A temporary suspension would have a significant effect on income as it directly and negatively affects occupancy.

Mitigation: the charity self-assesses against the key tests used by the regulatory authorities and works closely with South Yorkshire Integrated Care Board /Sheffield City Council to improve practices for care and for the recording of the history of the residents' treatment in order to improve the level of care and to improve Broomgrove's rating.

The Clinical Governance Committee of the Board monitors and investigates all reported incidents and accidents.

The aforementioned external agency engaged to identify and mitigate health and safety requirements undertake independent assessments of health and safety standards at Broomgrove, including ensuring that risk assessments are current and significant findings are reported to management.

All accidents, incidents and near misses are investigated and where necessary full root cause analysis is undertaken. Incidents, where required, are reported under RIDDOR.

We are visited regularly by South Yorkshire Fire and Rescue as part of the services of familiarisation and we maintain independent contractors to check and service the lighting, fire alarm and extinguishers.

We have been currently inspected by the local authority (The Regulator) for food hygiene and maintain our 5-star rating.

f. Reserves policy

In drawing up the reserves policy, Trustees are mindful of the need to balance financial prudence with the importance of getting money to the front line quickly. Holding reserves allows us to navigate unexpected drops in income or sudden short-term increases in expenditure, protecting us against risks (some of which are mentioned above).

THE BROOMGROVE TRUST
(A company limited by guarantee)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025

Structure, governance and management (continued)

The level of reserves required is determined using a comprehensive budget and cash flow forecast. Regular updates and monitoring of these are carried out to ensure that a surplus is achieved and cash flow is adequate for the needs of the Trust.

The Trustees consider a cash and investments balance in the region of £270,000 to £370,000 to be a reasonable amount to provide for unforeseen financial fluctuations. The Trustees' target is that free reserves (being net current assets plus investments) are in the same financial range of £270,000 to £370,000, as the Trustees are mindful that the calculation of free reserves will exclude any cash balances that are already committed or designated. As at 31 March 2025, free reserves were £364,872. The focus in the coming year and beyond will be to maintain the current level of cash and free reserves at the figure stated in the policy.

g. Information on fundraising practices

Broomgrove is not currently registered with the fundraising regulator. During the year we have not appointed any professional fund-raiser to support the work of the charity or undertaken any specific fundraising activities. We have received no complaints in relation to fundraising activities.

h. Public Benefit

In planning and delivering our services and activities, the Trustees and management of The Broomgrove Trust have given due regard to the need to ensure that the nursing home provides public benefit – following the Charity Commission's guidance on these matters. The practices developed at Broomgrove have been used as templates by other nursing homes in the city and beyond. Beds are specifically retained so that recuperation from surgery and short-term respite stays can be offered. This facility is not widely available elsewhere.

A residents' support fund has been established to provide funds to assist residents who may encounter financial difficulties.

The Broomgrove Trust offers its services to all members of the public, and operates on a not-for-profit basis – providing superior medical access, attended nursing, and activities support – as well as offering subsidised accommodation to residents. The Trust keeps sight of its charitable objectives and will continue actively to support clients where this is appropriate for their well-being and welfare.

THE BROOMGROVE TRUST
(A company limited by guarantee)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025

Statement of Trustees' responsibilities

The Trustees (who are also directors of The Broomgrove Trust for the purpose of company law) are responsible for the preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year. Under company law the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP 2019 (FRS 102);
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditor

Each of the persons who are Trustees at the time when this Trustees' report is approved has confirmed that:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditor

The auditor, BHP LLP, has indicated their willingness to continue in office. The designated Trustees will propose a motion reappointing the auditor at a meeting of the Trustees.

Approved by order of the members of the board of Trustees and signed on their behalf by:

Dr A Anderson MA BM BCH FRCP

Chairman

Date: 8.12.25

THE BROOMGROVE TRUST
(A company limited by guarantee)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BROOMGROVE TRUST

Opinion

We have audited the financial statements of The Broomgrove Trust (the 'charitable company') for the year ended 31 March 2025, which comprise the statement of financial activities, the balance sheet, the statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2025, and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the trustees' report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

THE BROOMGROVE TRUST
(A company limited by guarantee)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BROOMGROVE TRUST (CONTINUED)

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which includes the directors' report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report included within the trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions in preparing the directors' report and from the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

THE BROOMGROVE TRUST
(A company limited by guarantee)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BROOMGROVE TRUST (CONTINUED)

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- the senior statutory auditor ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the charitable company through discussions with management and trustees and from our knowledge and experiences of the sector;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the charitable company, including Charities Act 2011, Companies Act 2006, Care Quality Commission, safe-guarding, health and safety and GDPR regulations.
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and trustees;
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the charitable company's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by;

- making enquiries of management and trustees as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations;

To address the risks of fraud through management bias and override controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- investigated the rationale behind significant or unusual transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance
- enquiring of management as to actual and potential litigation and claims.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities is available on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

THE BROOMGROVE TRUST
(A company limited by guarantee)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BROOMGROVE TRUST (CONTINUED)

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

THE BROOMGROVE TRUST
(A company limited by guarantee)

BALANCE SHEET (CONTINUED)
AS AT 31 MARCH 2025

The Trustees acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and preparation of financial statements.

The financial statements have been prepared in accordance with the provisions applicable to entities subject to the small companies regime.

The financial statements were approved and authorised for issue by the Trustees and signed on their behalf by:

Dr A Anderson MA BM BCH FRCP

Chairman/Trustee

Date: 5.12.25

The notes on pages 18 to 34 form part of these financial statements.

THE BROOMGROVE TRUST
(A company limited by guarantee)

THE BROOMGROVE TRUST
(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025

1. General information

The charity is a company limited by guarantee and governed by its Memorandum and Articles of Association. The registered office is 30 Broomgrove Road, Sheffield, S10 2LR.

2. Accounting policies

2.1 Basis of preparation of financial statements

The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011, the Companies Act 2006 and UK Generally Accepted Accounting Practice.

The financial statements are prepared on a going concern basis under the historical cost convention, modified to include certain items at fair value. The financial statements are presented in sterling which is the functional currency of the charity and rounded to the nearest £.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

2.2 Income

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

The recognition of income from legacies is dependent on establishing entitlement, the probability of receipt and the ability to estimate with sufficient accuracy the amount receivable. Evidence of entitlement to a legacy exists when the charity has sufficient evidence that a gift has been left to them (through knowledge of the existence of a valid will and the death of the benefactor) and the executor is satisfied that the property in question will not be required to satisfy claims in the estate. Receipt of a legacy must be recognised when it is probable that it will be received and the fair value of the amount receivable, which will generally be the expected cash amount to be distributed to the charity, can be reliably measured.

Other income is recognised in the period in which it is receivable and to the extent the goods have been provided or on completion of the service.

2.3 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

THE BROOMGROVE TRUST
(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.3 Expenditure (continued)

Expenditure on charitable activities is incurred on directly undertaking the activities which further the charity's objectives, as well as any associated support costs.

All expenditure is inclusive of irrecoverable VAT.

2.4 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the institution with whom the funds are deposited.

2.5 Tangible fixed assets and depreciation

Tangible fixed assets are included at original cost less accumulated depreciation, with the exception of freehold buildings and paintings. Freehold buildings are not depreciated because they are maintained in good condition so that their value is not significantly impaired by the passage of time, and in consequence any element of depreciation would be immaterial. The paintings are not depreciated because their value is not significantly impaired by the passage of time, and in consequence any element of depreciation would be immaterial.

The non-depreciation of freehold buildings and paintings is a departure from the general requirement of the Companies Act 2006 and Charities SORP (FRS102) for all tangible assets to be depreciated. The trustees are of the opinion that such treatment is necessary to give a true and fair view.

A de minimus limit is set whereby only expenditure over £500 is capitalised, unless it is part of a larger project.

In accordance with FRS102, the trustees have performed an annual impairment review and consider that the carrying value of the freehold property and the paintings is not higher than the recoverable amount.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the statement of financial activities incorporating income and expenditure account.

Depreciation is charged so as to allocate the cost of tangible fixed assets less their residual value over their estimated useful lives.

Depreciation is provided on the following bases:

Major refurbishments	- 10 years straight line
Artwork	- impaired cost
Equipment/ refurbishments and alterations	- 25% reducing balance
Computer equipment	- 3 years straight line
Lift	- 20 years straight line

2. Accounting policies (continued)

2.6 Investments

Fixed asset investments are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at fair value at the Balance sheet date, unless the value cannot be measured reliably in which case it is measured at cost less impairment. Investment gains and losses, whether realised or unrealised, are combined and presented as 'Gains/(Losses) on investments' in the Statement of financial activities.

2.7 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

2.8 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

2.9 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the charity anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the Statement of financial activities as a finance cost.

2.10 Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

2.11 Pensions

The charity operates a stakeholder pension scheme, a personal pension plan and an Auto-Enrolment pension scheme. Contributions are expensed as they become payable.

2. Accounting policies (continued)

2.12 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

2.13 Employee benefits

When employees have rendered service to the charity, short-term employee benefits to which the employees are entitled are recognised at the undiscounted amount expected to be paid in exchange for that service.

2.14 Tax

The company is considered to pass the tests set out in Sch. 6, para. 1 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the company is potentially exempt from taxation in respect of income or capital gains received within categories covered by Pt. 11, Ch. 3 of the Corporation Tax Act 2010 or s. 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

3. Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results.

The paintings included within fixed assets are based on the trustees' opinion of their value taking into account their knowledge of the market for similar assets.
