3		
4		

Names and addresses of advisers (Optional information)

Type of adviser	Name	Address

Name of chief executive or names of senior staff members (Optional information)

None.

Section B Structure, governance and management

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution.
How the charity is constituted (eg. trust, association, company)	Unincorporated Association.
Trustee selection methods (eg. appointed by, elected by)	Trustees are elected annually at the Annual General Meeting.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Annually, new trustees are supported and inducted by the outgoing trustees via a handover process concerning the affairs of the charity.

There is a committee of supporters that assist the Trustees and provide advice support and continuity for the charity.

Trustees are encouraged to participate in development opportunities provided by the Yorkshire Federation of Young Farmers' Clubs. The templates and resources for this are provided by the National Federation of Young Farmers' Clubs and additional information is provided by the county federation of YFCs.

The charity is affiliated to the Yorkshire Federation of Young Farmers' Clubs and the National Federation of Young Farmers Clubs. Together these form a network of clubs throughout England and Wales for young people aged 10 to 28 years.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the charity are:

1. To advance the education of young members of the public at large in their knowledge of agriculture, crafts, life skills, rural affairs and country life,
2. In the interests of the social welfare of such members to provide and promote the provision of facilities for recreation and other leisure time occupations, being facilities which will improve their conditions of life and will assist in the development of their spiritual and mental capacities, self-reliance and individual responsibility so that they may grow to full maturity as individuals and members of the community.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Trustees confirm that they have paid due regard to the guidance issued by the Charity Commission on public benefit in deciding what activities the charity should undertake.

The club operates a number of volunteering activities which allow its members to contribute to club funds. For example, the Subsoiling Marathon on a local farm raised £965.00. The club uses its funds to affiliate itself to the County and National bodies in order to provide activities and opportunities for young members of the rural community. It also uses the funds to put on public events such as the Vintage Day, which allow for participation in the club's activities by the wider community. The club's affiliated Tractor Run Committee operates the Knaresborough Tractor Run, through which the club raised this year around £20,000 for the Yorkshire Air Ambulance.

The charity recruits its members from a significant section of the community at large. Everyone aged 10 to 28 years can be a member of Knaresborough YFC in order to participate in activities and discussions that increase their knowledge of agriculture, crafts rural affairs and country life. The charity actively recruits its members, aged 10 to 28 years, from a catchment area of 10 miles of Knaresborough and Harrogate.

The club activities also contribute to and create leisure activities for members and on occasion for the rural community in which the charity operates. The community around the charity benefits from our members being active citizens that contribute to the rural community.

Additional details of objectives and activities (Optional information)

Aside from the membership fee paid by each member, a large number of them contribute to the club's success by volunteering their time to run it. Driving tractors for the subsoiling marathon, for instance, enables the club to charge its customer for the work undertaken without the need to take into consideration staffing costs.

The club's committee puts in untold hours in organising the weekly meetings, recruiting members and generally promoting the club's work in the community. Some prominent members invest hugely in the club in this way and we are lucky not to have to pay the staffing costs that would be associated with this work otherwise, meaning that club funds can be used to provide opportunities and training for members, and to put on events in the community.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

This year, the club has undertaken a variety of events designed to give the members a degree of experience in rural industries which might help them to find future employment. The subsoiling marathon taught each member the basic operation of heavy tractor machinery and stockjudging gives them an appreciation of the work undertaken by livestock farmers.

Some members practiced organisational skills in organising and hosting the Harrogate District Rally, an event which brings together a number of local clubs. Those who did not participate in its organisation took part in the day's activities, practicing rural skills such as crafts, metalwork, cookery, stockjudging, clay shooting and sports.

The club's Tractor Run Committee ensured the club as a whole was involved in the organisation of Britain's largest tractor run, which annually raises in the region of £20,000 for the Yorkshire Air Ambulance and provides a spectacle and often a carnival atmosphere for the local communities it passes through, culminating in an event on the Showground at Pateley Bridge which stimulates local tourism by drawing huge crowds to the town in the off-peak season.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity's policy on reserves is to generate and maintain a reserve which will allow sufficient funds to:

- maintain the financial viability of the Charity in the event of unforeseen and/or unavoidable circumstance that brings a short-term fall in its income;
- to permit the Charity, in the interests of meeting its charitable objectives, to from time to time establish a new and innovative project on a project basis to demonstrate the feasibility of such activities as a test to maintaining such projects on an on-going basis.

For these purposes the Charity will endeavour to maintain reserves which are at least 50% of its annual turnover.

Details of any funds materially in deficit

The charity has no funds which are materially in deficit.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity is principally supported by membership fees charged to their members, which in this year amounted to £1,245.00. However, Affiliation fees to the County and National Federations of which the club is part normally amount to more than the charged membership fee. Therefore, the club must undertake fundraising efforts, such as the grass-cutting at the Yorkshire Show which raised £470.00 and the subsoiling marathon which raised £965.00. In this year, affiliation fees were rebated and so the club paid a much smaller figure than usual, which stands us in good stead.

Other overheads are minimal, although the club pays a small fee to Knaresborough Football Club for use of the club room on occasion.

Section F Other optional information

[Empty box for optional information]

Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees
