NECA

Trustees' Report Year Ended 31 March 2023

The trustees, who are directors for the purposes of company law, present the annual report together with the consolidated financial statements and auditors' report of the charitable parent company and its subsidiaries for the year ended 31 March 2023.

Structure, governance and management

Nature of governing document

The organisation is a charitable company limited by guarantee, incorporated on 26th June 1984 and is governed by its Memorandum and Articles of Association, which were last amended on 11th May 2020. It was also registered as a charity with the Charity Commission on 20th June 1985. In the event of the charitable company being wound up members are required to contribute an amount not exceeding £1.

Board of Directors/Trustees

The business of the charity is managed by an Executive Committee of the trustees, the number of which shall not be less than 4 nor more than 30, who meet on a regular basis to decide overall strategic policies and financial matters. Trustees retire by rotation and are able to stand for re-election.

The trustees retiring by rotation at this year's Annual General Meeting are as follows:
Mr B.N. Speker OBE DL

The trustees meet, as a norm, on a monthly basis. They receive detailed management and financial information as well as reports on operational activities for their meetings. Trustees unable to attend a meeting because of COVID-19 restrictions or other engagements are nevertheless provided with all the papers and information relevant for such meetings and are able to discuss issues arising with the Chairman or the Chief Executive. Trustees participate in the strategic planning process and have ultimate responsibility for the strategic plan.

Recruitment and appointment of trustees

Any trustee vacancies which arise are filled by search with due regard to maintaining a proper balance of skills and experience within the Executive Committee. New trustees are appointed by the Executive Committee or by members of the charity in General Meetings.

Induction and training of trustees

New trustees undergo an induction process to brief them on their legal obligations under charity and company law, the content of the Memorandum and Articles of Association, the committee and decision making processes, the business plan and recent financial performance of the charity. Trustees are encouraged to attend appropriate external training events.

Arrangements for setting key management personnel remuneration

We have identified Key Management Personnel in the Reference and Administration section.

The remuneration of the key personnel is determined by the Board and the Chief Executive, although the Chief Executive is excluded in relation to discussion of her remuneration. The Board is guided by a formal report from the Remuneration Committee which sets out all available relevant information which includes legislative obligations, best available benchmark data in relation to salaries and settlement levels, internal differentials, recruitment difficulties, the recent settlement history at NECA, the proposed costs and ability to pay.

NECA

Trustees' Report Year Ended 31 March 2023

Day to day management

Day to day management is vested in a professional team led by the Chief Executive of the charity, and who meet on a monthly basis. The Chief Executive meets regularly with the Chairman (in addition to the formal meetings) and appraises him of any significant issues as they may arise between meetings.

Objectives and activities

Objectives and aims

The objectives of the charity and the group are:

- To promote the prevention, recognition and treatment of problems related to, in particular but not exclusively, the use of alcohol, drugs, related substances, and gambling.
- To advance Education, promote Social Inclusion and Community Capacity, and provide relief from disadvantage, preserving and protecting Health and Wellbeing by providing free accessible services across the North of England.

The mechanisms for delivering the various services of the group are well established and the management team is stable, flexible and well experienced in driving and managing the critical activities of the organisation. All our charitable activities focus on our objectives and are undertaken to further our charitable purposes for the public benefit.

We are an equal opportunity organisation and are committed to a working environment that is free from any form of discrimination on the grounds of colour, race, ethnicity, religion, sex, sexual orientation or disability. We will make reasonable adjustments to meet the diverse needs of all staff or clients.

Fundraising disclosures

The charity is required to report how it deals with fundraising from the public. The charity does not, as a norm, fundraise from the public. The charity does not use a professional fundraiser or commercial participator to raise funds. Any monies received direct from the public follows all guidelines set out by the Charity Commission and UK law in every respect. We respect the privacy and contact preferences of all public donors.

Public benefit

We review our aims, objectives and activities each year. This review looks at what we achieved and the outcomes of our work in the previous 12 months. The review looks at the success/result of each activity and the benefits they have brought to those groups of people we are set up to help. The review also helps us ensure our aims, objectives and activities remained focussed on our stated purposes.

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives they have set.

Achievements and performance

Further details of the group's activities, achievements, performance and future plans are contained within the Chairman's Report on page 7 and includes a positive confirmation of delivery of public benefit.

NECA

Trustees' Report Year Ended 31 March 2023

Financial review

The group deficit for the year as shown in the Statement of Financial Activities, including donations of £3,744, amounts to £95,317. This result compares favourably with the budget that had been approved by the trustees for the year.

The year ended 31 March 2023 is therefore considered to be acceptable from a financial perspective, particularly so given the continuing issues affecting all areas of the voluntary sector. With regard to non-financial measures, a great deal has been achieved and is consistent with the objects of the charity.

Policy on reserves

The results for the year leave NECA with an Unrestricted Revenue Reserve of £5,885,713. From note 22 to these financial statements it can be seen that of this sum £1,327,755 is held in net current assets that is, represented by cash and net creditors. This is a decreased position from the prior year which was a net current asset position of £1,402,847 and therefore a decrease of £75,092.

The charitable company will continue to endeavour to make and retain a modest surplus over the next few years in keeping with the agreed Reserves Policy (as follows) 'The company should aim to hold readily expendable reserves of between three to six months average expenditure to ensure that the activities of the charity can be sustained through any period of financial difficulty'. This would equate to a free reserves target of between £500,000 to £1million. The current level of free reserves as at the year end amounted to £1,327,755. The financial statements have been prepared on a going concern basis.

The charity meets its day to day working capital requirements through cash generated from operations.

The charitable company's forecasts and projections for the next twelve months show that the charity will be able to continue in operational existence for that period. The charity has strong positive cash balances and is forecasting for this to continue to be the case. Based on the factors set out above, the trustees believe that it remains appropriate to prepare the financial statements on a going concern basis.

Investment policy and objectives

The charity funds are controlled by the directors, who also act as trustees, who invest with a view to safely optimise investment income while maintaining capital growth in line with market trends.

The trustees can invest any sums or investments received by them in investments in which they are by law authorised to invest money (including trading subsidiaries), with power from time to time to change for others of a like nature.

Risk Management

The trustees have continued to assess the major risks to which the charity is exposed, in particular those relating to the operations and finances of the charity but, also encompassing non-financial risks that may arise, and are satisfied that systems are in place to mitigate the exposure to the major risks to an acceptable level.

The financial statements which have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (SORP FRS102) conform to current statutory requirements and comply with the charitable company's governing documents.

NECA

Trustees' Report Year Ended 31 March 2023

Plans for future periods

The charity has no plans at the present to radically alter the mix of ongoing activity, nor to change the focus of the charity. It is envisaged that there may be some requirement to adapt to the continuing difficult economic conditions which have the potential to affect all aspects of the charity's work. An organisation wide cost control strategy continues to exist with close scrutiny of all discretionary spending.

The trustees have approved a budget for the forthcoming year consistent with these comments and the charity's overall strategic plan.

The Board and Management are committed to the process of continuous improvement to optimise both the financial performance and activities of the charity.

Statement of Trustees' Responsibilities

The trustees (who are also the directors of NECA for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and the group and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company and the group will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's and the group's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NECA

Trustees' Report Year Ended 31 March 2023

Disclosure of information to auditor

Each trustee has taken steps that they ought to have taken as a trustee in order to make themselves aware of any relevant audit information and to establish that the charity's auditor is aware of that information. The trustees confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

Reappointment of auditor

In accordance with section 485 of the Companies Act 2006, a resolution for the re-appointment of Azets Audit Services as auditors of the charity is to be proposed at the forthcoming Annual General Meeting.

The annual report was approved by the trustees of the charity on 1 August 2023 and signed on its behalf by:

N. Richardson
Chairman

NECA

Chairman's Report Year Ended 31 March 2023

As the Charity recovered from the Covid pandemic I'm pleased to report that life has mostly returned to normal and although some things remain difficult there are signs of improvement. All three floors at Connect in Sunderland are now fully let and a new tenant has taken over the Connect café.

During the year a new tenant has been secured for the second floor of Derwent Point on a new 5-year lease and similar terms have been agreed with another tenant who will occupy the first floor early in the next financial year. That additional income will be a very useful addition to the cashflow. Hopefully a tenant will also be found for the ground floor in due course.

The trustees, together with senior management, have been working tirelessly to secure additional funding and following long and sometimes complicated negotiations with GambleAware, NECA's gambling team were successful in securing funding to extend services into Yorkshire and North Humberside. A new hub will be opened in Harrogate to service the surrounding areas and additional staff have been recruited. NECA will also look to recruit two apprentices.

The NECA Community Garden was delighted to have been named as 'regional champion' in the first ever Department for Education HAF award scheme designed to recognise organisations which help deliver activities and food during the school holidays. The awards ceremony was performed in the House of Commons in London and staff travelled to London supported by colleagues from South Tyneside Council. Well done to everyone involved in this well-deserved achievement and thank you to South Tyneside Council for their support.

It's important to always be mindful that what we do has to be of public benefit to the community and NECA's support of other charities and small businesses, together with the Queen's Award for Voluntary Service and the Regional Champion award, are perfect examples of how NECA works to achieve this aim.

NECA's website, www.neca.co.uk has been revamped and updated and users can now interact directly with NECA. Our presence on Facebook has also continued to grow and improve as has the Community Garden's own Facebook page. Both are well worth a visit.

As always, I end with grateful thanks to the trustees, staff, volunteers, and supporters who have worked tirelessly throughout the year to support the organisation as well as others who have made financial and other donations in kind to the charity.

Chairman

NECA

Independent Auditor's Report to the Trustees of NECA

Opinion

We have audited the financial statements of NECA (the 'charitable parent company') and its subsidiaries (the 'group') for the year ended 31 March 2023, which comprise the Consolidated Statement of Financial Activities, Consolidated Balance Sheet, Balance Sheet, Consolidated Statement of Cash Flows and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is United Kingdom Accounting Standards, comprising Charities SORP - FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and applicable law (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and parent charity's affairs as at 31 March 2023 and of the group's incoming resources and application of resources, including its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's ability to continue as a going concern for a period of at least twelve months from when the financial statements were authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

NECA

Independent Auditor's Report to the Trustees of NECA

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the financial statements and Trustees' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the financial statements and Trustees' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the group and the parent charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the financial statements and the Trustees' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent charitable company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent charitable company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities (set out on page 5), the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

NECA

Independent Auditor's Report to the Trustees of NECA

- Enquiries with management, about any known or suspected instances of non-compliance with laws and regulations and fraud;
- Reviewing board minutes;
- Challenging assumptions and judgements made by management in their significant accounting estimates; and
- Auditing the risk of management override of controls, including through testing journal entries and other adjustments for appropriateness.

Because of the field in which the client operates, we identified the following areas as those most likely to have a material impact on the financial statements: Health and Safety; anti-bribery and corruption; and, compliance with both the UK Companies Act and UK Charities Act.

Owing to the inherent limitations of an audit, there is an unavoidable risk that some material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK). For instance, the further removed non-compliance is from the events and transactions reflected in the financial statements, the less likely the auditor is to become aware of it or to recognise the non-compliance.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable parent company's trustees, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the group's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable parent company and its trustees as a body, for our audit work, for this report, or for the opinions we have formed.

NECA

Notes to the Financial Statements for the Year Ended 31 March 2023

1 Charity status

The charity is limited by guarantee, incorporated in England and Wales, and consequently does not have share capital. Each of the trustees is liable to contribute an amount not exceeding £1 towards the assets of the charity in the event of liquidation.

The address of its registered office is: Derwent Point, Clasper Way, Swalwell, Newcastle upon Tyne, NE16 3BE

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) - (Charities SORP (FRS 102)). They also comply with the Companies Act 2006 and Charities Act 2011.

Basis of preparation

NECA meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Basis of consolidation

The consolidated financial statements consolidate the financial statements of the charity and its subsidiary undertakings drawn up to 31 March 2023.

No statement of financial activities is presented for the charity as permitted by section 408 of the Companies Act 2006. The charity made a deficit for the financial year of £94,639 (2022- surplus £1,520,585).

NECA

Notes to the Financial Statements for the Year Ended 31 March 2023

A subsidiary is an entity controlled by the charity. Control is achieved where the charity has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the statement of financial activities from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the group.

Inter-company transactions, balances and unrealised gains on transactions between the charity and its subsidiaries, which are related parties, are eliminated in full.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the group's equity therein. Non-controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling shareholder's share of changes in equity since the date of the combination. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Going concern

The financial statements have been prepared on a going concern basis.

The charity meets its day to day working capital requirements through cash generated from operations.

The charitable company's forecasts and projections for the next twelve months show that the charity will be able to continue in operational existence for that period. The charity has strong positive cash balances and is forecasting for this to continue to be the case. Based on the factors set out above, the trustees believe that it remains appropriate to prepare the financial statements on a going concern basis.

Estimation uncertainty and judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported.

The judgements (apart from those involving estimations) that management has made in the process of applying the charitable company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements are as follows:

Assessing indicators of impairment - In assessing whether there have been indicators of impairment of assets, the trustees have considered both external and internal sources of information such as market conditions, counterparty credit ratings and experience of recoverability

Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

Depreciation - depreciation is calculated so as to write off the cost of an asset, less its residual value, over the useful economic life of that asset. An estimate of the useful economic life of assets is detailed in the depreciation accounting policy.

NECA

Notes to the Financial Statements for the Year Ended 31 March 2023

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Grants receivable

Grants are recognised when the group has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Other trading activities

Income from commercial trading activities is recognised as earned (as the related goods and services are provided).

Investment income

Investment income is recognised on a receivable basis.

Interest receivable is recognised on a receivable basis, when the amount can be measured reliably - this is normally upon notification of the interest paid or payable by the bank.

Charitable activities

Income from charitable activities includes income received under contract or where entitlement to grant funding is subject to specific performance conditions is recognised as earned (as the related goods or services are provided). Grant income included in this category provides funding to support client service activities and is recognised where there is entitlement, probable receipt and the amount can be measured with sufficient reliability. Income is deferred when related grants are received and the performance conditions relating to its entitlement are not met. Income from charitable activities includes rental income from investment properties, as a result of renting the properties to organisations with similar objectives.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

NECA

Notes to the Financial Statements for the Year Ended 31 March 2023

Support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back office costs, finance, personnel, payroll and governance costs which support the charity's (and the group's) activities. These costs, which have not been directly apportioned, have been allocated between cost of raising funds and expenditure on charitable activities. The basis on which support costs have been allocated are set out in the Support Cost note.

Governance costs

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include audit fees and costs linked to the strategic management of the charity.

Government grants

Government grants are recognised based on the accrual model and are measured at the fair value of the asset received or receivable. Grants are classified as relating either to revenue or to assets. Grants relating to revenue are recognised in income over the period in which the related costs are recognised. Grants relating to assets are recognised over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £1,000 or more are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Freehold Property	2% straight line
Leasehold Property	Straight line over the period of the lease
Equipment	12.5% straight line, 25% straight line for computer equipment

No depreciation is provided on the land included within the category known as freehold property.

The carrying values of tangible fixed assets are reviewed for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

NECA

Notes to the Financial Statements for the Year Ended 31 March 2023

Investment properties

Investments include properties from which rental income is received and are shown at their most recent valuation. Any aggregate surplus or deficit arising from changes in value are transferred to a designated revaluation reserve.

As Investment properties, the value of the buildings are not normally depreciated, being carried (after the initial formal valuation) at the board's valuation each year, with a formal valuation being undertaken at least every fifth year.

The board continue to assess all factors which may impact the value of the investment properties and where an impairment is considered appropriate would charge the SoFA with that impairment (and release, as a transfer, from the designated reserve back to general reserves any amount which reversed the original uplift in valuation, which is being held as a designated reserve).

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees' discretion in furtherance of the objectives of the group.

Designated funds are unrestricted funds set aside for specific purposes at the discretion of the trustees. These funds consist of the total revaluation surplus on the investment properties.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

NECA

Notes to the Financial Statements for the Year Ended 31 March 2023

Pensions and other post retirement obligations

The group operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the group. The annual contributions payable are charged to the income and expenditure account.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities.

The specific purposes for which the funds are to be applied are as follows:

General funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objects.

Restricted funds consist of the income received for specific charitable purposes and its related expenditure.

Designated funds consist of the total revaluation surplus on the investment properties.
