2026 Twentyman Playing Fields AGM Report

Yet another busy year.

The major refurbishment of the village hall is now complete with only minor internal decorations and continuous maintenance required.

Due to the continued hard work of the committee we have hired out the hall for a range of events, from children's parties, gender reveals, EID events, wedding receptions, to name but a few, along with large family gatherings for all sectors of the community.

It is pleasing that the number of bookings originating from attendance at hirings, events and personal recommendations are increasing, and that we now have some bookings into 2027.

We must not forget our regular hirers who support us throughout the year.

Whilst we have lost Baby Sensory due to the sale of the Wolves North franchise, we have attracted additional regular bookings.

These bookings, along with fundraising events held for the community, have enabled us to manage our finances in a positive way, and during the year we have replaced all tables and chairs and purchased staging for the village hall.

We thank everyone who has attended our fundraising events.

Our recent event was a great success, with attendees requesting a further booking, which we have secured for 2027, some tickets already sold!

We have been aware that the Changing Rooms were in need of work, and have replaced the worn out external doors recently. Other necessary work is now being investigated and considered.

With the aid of a grant from Staffordshire County Council we have only recently replaced old signage and added additional signage around the hall, changing room and perimeter of the property.

We thank County Councillor Val Chapman for this.
