To promote the rural community, the voluntary sector and the inhabitants of the area for the public benefit.

Achievements and performance

The main areas of Charitable activity are the provision of community services, (eg. Providing weekly social entertainment and card games with refreshments)

Providing after funeral meals at the community centre.

Providing rental facilities to other groups in the area, fundraising and donations to help with the running costs of the rural community centre.

Applying for small grants to various funding bodies.

Financial review

The principle funding source for the charity is the rental income, and income from small grant donations. In the 2022 financial year there was a total grant and donations income of £6,885 (2021: £4,226).

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The Trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The Trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Structure, governance and management

The organisation is a Northern Ireland registered charity NIC 100086 registered 18/11/2014 having previously been registered as a charity with the HMRC.
