

Dear all,

I would like to welcome all that are attending this AGM, both the members of the PTFA as any parents that have joined to hear about our events. It is great to be back meeting in person after the past few years.

We would like to extend a very big thank you to all the students, parents, family members, friends and the local community would have supported us over this past year. We are delighted to have raised over £4500.

We were back holding some of our usual events like the pop-corn movie nights, our cash for clobber collections. This year we created a Christmas bauble for sale – which was a great hit with families.

We held a sponsored bounce – which was a great success and a new activity for us.

PTFA member were able to support staff in school and take part in the Jubilee celebration day.

It has been a delight to see events running and to see the joy and fun that pupils are having at these events.

Dana Simpson.
