Lack of capacity to engage

Staffing levels are still a concern and difficult to maintain desired levels due to absences and turnover. Steps were taken to address this and access to employee assistance telephone helpline and the use of Occupational Health Services have been running for over a year now.

OBJECTIVES AND ACTIVITIES

The principal activity of the charity is to carry on for the benefit of the community the provision of accommodation for men of 18 years and over who are homeless upon terms appropriate to their means. In particular, the Hostel shall provide accommodation for homeless men who suffer other disadvantages, inter alia, addiction to alcohol, drugs, gambling that render them unable to secure other accommodation. The ethos of Legion of Mary, as encapsulated in the Constitution, is pivotal to that support service we provide.

History of the Hostel

The legion of Mary has provided temporary accommodation to homeless men since 1938 at the Morning Star Hostel 125 Divis Street Belfast. On 11 February 2002 a fire at the building led to the death of 2 of the hostel residents. The fire also rendered the hostel premises unusable. The Morning Star Hostel was without premises until 28 July 2004 when the current hostel opened.

The hostel is a refuge for homeless men, many of whom have a history of rough sleeping and alcohol or substance misuse and frequently present challenging behaviour. The premises can accommodate up to 39 guests in 24 bedrooms on the wet side, 7 bedrooms on the dry side, 4 self-contained apartments and 4 emergency beds. Other support and recreational facilities are available.

ACHIEVEMENTS AND PERFORMANCE

Explanation of the Main Objectives for the Year

The primary objective for the year was service provision and resettlement support to the homeless. This necessitates securing adequate and additional income to continue to provide a safe, secure, and compliant support service to our guests.

The hostel's range of services is extensive and includes signposting frontline outreach, hostel and supported temporary and longer-term accommodation, but also includes life-skills coaching, education, counselling, and training. We are ideally placed in the community to further develop these services for those in need.

Morning Star House acknowledges that its services should be directed towards assisting those homeless men, who are unlikely to be able to resolve their homelessness problem without intervention of skilled support staff. It aims to encourage and foster a spirit of self-help and self-reliance.

The Hostel still has several volunteers who give their time and effort to help out in the hostel, particularly in the evenings and the weekends. This was built back up after the pandemic caused the use of the volunteers to be suspended. All volunteers have been subject to Access NI checks.

Bed occupancy has been at capacity for most of the year.

Principal Policies to Achieve Objectives

Morning Star Management Committee still recognises that to achieve our objectives, we must work in partnership with a range of organisations and individuals and must develop innovative and effective policies and procedures to assist those who end up on the street and to prevent homelessness to those that are vulnerable to homelessness. Work continued this year on creating Policies and procedures and formalising these within the Morning Star Hostel. These are shared with staff once introduced and work is ongoing.

FINANCIAL REVIEW

Morning Star House receives funds from the Northern Ireland Housing Executive for support of its guests and for maintenance and support of the building. Funds also are received from a charge to guests and from Charitable donations from time to time.

Income received during the year from Supporting people, Housing benefit, charges, charitable Donations and investment income amounted to £848,390. Expenditure during the year was £691,811 resulting in a Net surplus of £156,579 in the year, reflecting net income in restricted funds of £135,428 and net income in unrestricted funds of £21,151.

GOING CONCERN

The Charity is dependent on funding from the NIHE which is also the primary source of client referrals. Without this funding the charity would not continue to function.

Thankfully the Trustees are in regular contact with the NIHE to ensure the organisation meets the funding conditions set by the NIHE and a good relationship has been established.

ISSUES THOROUGHOUT THE YEAR

- Manager left mid-January 2023
- Interim Manager appointed from 1st February until 10th April.
- New manager took up post 7th April 2023
- Chairman took ill at end of January 2023 and Interim Chairman appointed on month-to-month basis.
- An additional Senior Support working was introduced into Hostel to allow for a Senior to be available for each shift.

Meeting the Public Benefit Requirement

The principal activity of the charity is to carry on for the benefit of the community the provision of accommodation for men 18 years and over who are homeless upon terms appropriate to their needs. The Hostel shall provide accommodation for homeless men who suffer other disadvantages, inter alia, addiction to alcohol, drugs, gambling that renders them unable to secure other accommodation.

The problem with homelessness continues to grow along with it, there is growth in areas such as addiction and mental health difficulties. The provision of this service helps address this issue and benefits our guests and society as a whole.

The CCNI has issued comprehensive guidelines on Annual Reporting requirements and the Management Committee confirms that they are aware of these and have had due regard of the guidance in all our deliberations.
