

Corkley Development Association

Chairman's Report 2022- 2023

Charity No 101457

Registered Office: 5 the Square Tandragee, BT62 2AA

Corkley Development Association has been established to organise and facilitate, classes, training, keep fit, sporting activities, social events, specifically for senior citizens and young people and intergenerational events.

During the past year the Hall suffered an electricity supply problem, due to the extra load being placed on the existing supply cable. This occurred around November time The Association purchased a small generator to run lights and heating so the hall could be used in a limited capacity until the electricity supply could be restored. The association incurred extra costs associated with running a petrol generator approx. £40's per week.

Fortunately the main fund raiser for the year, the big breakfast and car wash, was over for the year. However having to power the hall with the generator meant that the heating system couldn't be set on a timer to come on and heat the hall prior to regular events such as meeting music tuition bowling etc. leading to discomfort due to the cold to our regular participants. This meant that some of our older participants were not able to attend.

Despite this both indoor bowling and musical tuition continued as normal.

Accounts have been prepared by M McCune and Co, Tandragee and we recommend their reappointment.

We have no other assets outside those noted in the Accounts.

Helen Smyth	Irene Spence
George Bingham	William Colman
Bertha Bingham	Esther Coleman
Alan Clarke	William Moorcroft
Muriel Totten	Eileen Moorcroft
Mary Clarke	

The Trustees have had regard to the Commission's Public Benefit Statutory Guidance.

Signed 
William Moorcroft (Chairman)
