**Report of the Trustees
for the year ended 31 December 2023**

The Trustees, who are also the Directors under the provisions of the Companies Act 2006, submit their annual report and the financial statements of the charity for the year ended 31 December 2023. The Trustees would wish to thank all those community partners who have worked with us to deliver on the objectives of the charity. The period saw an uplift in activity with the volunteers associated with GSP working to meet the needs of our communities through an All Age Community Support Initiative as well as specifically in collaboration with Walkway Community Centre, the Rio Ferdinand Foundation and specified charitable causes. There has been an emphasis on providing very necessary practical help in terms of meeting basic food needs (within and outside the Glentoran 'family') whilst also covering the health and wellbeing issues which are becoming more prevalent across our communities.

As highlighted in the previous Trustees Report the Glentoran Recreation Company Limited and all its holdings were included in a partial acquisition by an outside investor team with The Glentoran Social Partnership fully included as an important element of the overall structure. The Trustees would like to record that they continue to be encouraged by the investor team's clear intent to explore various options and opportunities for the GSP to align with their desire to see Glentoran at the heart of the community. This has been reiterated during this year and the Trustees remain encouraged by this.

It should also be noted that despite the return of the NI Assembly and Executive, there continues to be limited activity associated with the Regional Stadium Plan. Meetings have been held with government officials and also the Minister for Communities, Conservative Minister responsible for stadium funding and MP for East Belfast. The work in support of our local community (and further afield) is at the heart of the planning application submitted by Glentoran Recreation Company as they undertook initial scoping exercises to include the provision of community space and resources within a new stadium which would underpin much of the work of GSP and provide both a hub from which to operate as well as community resources for social enterprise activity.

The trustees would wish to highlight the fact that the vast majority of the GSP activities have been provided with both the existing volunteer groups along with additional helpers and acknowledge the tremendous efforts made to pursue our objects.

OBJECTIVES AND ACTIVITIES

Objectives & Activities

The Objects of the GSP remain central to the overall aims of the GSP namely.

- a) To promote community participation in healthy recreation, particularly in Greater East Belfast, without reference to sex, sexual orientation, race ethnicity, creed, or social background, by providing and assisting in the provision of facilities for the playing of football and other sports capable of improving health
- b) To advance the physical education of young people by coaching in and providing facilities for the game of football and other sports and recreational activities so as to develop their physical, mental, and spiritual capabilities to enable them to grow to full maturity as individuals and members of society
- c) To provide and assist in providing facilities for sport, recreation or other leisure time occupation of such persons who have need for such facilities by reason of their youth or social or economic circumstances or for the public at large in the interests of social welfare and with the object of improving their conditions of life.
- d) To advance community development by promoting co-operation and joint activities between community, voluntary and statutory organisations
- e) To promote equality, diversity, and religious and racial harmony
- f) To promote other charitable purposes as may from time to time be determined.

During the year in question the GSP activities developed and grew, having been restricted over previous years, as normality returned following the ending of the pandemic. The Trustees have worked with and collaborated with other sections of the Glentoran Family to pursue the above objectives on a volunteer basis.

**Report of the Trustees
for the year ended 31 December 2023**

OBJECTIVES AND ACTIVITIES

Public Benefit

During the period of this report there was an emerging need to refocus attention towards community based initiatives to reach all age groups. Whilst retaining an interest in the Glentoran Academy it was considered that the level of support and programmes established within the Academy Structure would enable GSP to concentrate on community needs. The Trustees have determined that the time was right to expand efforts under the theme of Glentoran in The Community which will be further developed during 2024. This is mainly due to the more settled arrangements put in place post the Investor Take Over as well as the general lifting of all previous Covid restrictions.

ACHIEVEMENT AND PERFORMANCE

During this period, it was considered necessary to establish an ad-hoc steering group to coordinate resources and identify priorities. It is also important to note that GSP is being increasingly recognised for its initiatives through the award of Reconnect Grants from Belfast City Council and also a Grant from Halifax Foundation to support the work of the Inclusion Section of the club, along with funding from Barclays Community Fund and Department of Infrastructure Living Spaces and Places.

As a result of which The Trustees are pleased to report the following achievements

All Age Community Support Initiative:

Meals for the Community including GFC Meals on Wheels, Food Hampers (residents), Homeless Support (Haven), Match Day Family Zone, Match Day Inclusion Programmes (Cross Community), Community Fun Days, Christmas, and Easter Festivals (C S Lewis Sq.), Youth in Action (Rio Ferdinand Foundation). As well as providing very practical support, all of the above is underpinned with the desire to promote health & wellbeing, social inclusion and community spirit across the age groups and specific target groups.

Support was also provided for the Kings Coronation celebrations, providing food and on the ground support for a local street party. Community Fun days in partnership with local residents and community organisations were also supported in respect of Connswater Greenway.

Drop in sessions were held at St Christophers Church and the larder food bank called "Hello Neighbour" as well as a "Pop in and Play" session on Monday evenings held at Connswater Community Centre supported by first team squad players and attended by young people from the local area.

The club also provided match day tickets via the GSP to local schools via the "Terraces not TV" initiative which saw 100 tickets issued on a rotational basis to local schools.

Charity Effort:

Relationships have been developed with English teams Burnley, Everton and Liverpool community arms with this being used to share best practice. In addition a significant amount of no cost volunteer community activity was achieved through GFC Club Volunteers, Senior Team Players & Staff, and recognised Charities such as Rio Ferdinand Foundation, Newforge Community Development Trust, Sport Against Racism Ireland (also including Glentoran-Insaka Academy Nigeria).

The Monday Squad (Mens Shed) maintenance team continues to provide a very necessary point of contact for mainly retired supporters who volunteer each week to provide grounds maintenance and general work associated with Health & Safety for example.

The Trustees would wish to record their thanks to the small band of core volunteers who oversaw many of the practical efforts throughout the period and who were able to mobilise the many helpers required to achieve all of the above.

It should also be noted that the GSP model and activity is held as a best in class by the team at the Irish Football Association and an example to other clubs on how to interact with the community. The GSP has offered to work with the IFA Foundation to help develop similar work across all Irish League teams.

**Report of the Trustees

FINANCIAL REVIEW

Going concern

The Trustees have reviewed the financial statements and have reviewed future projections and are confident that the charity has sufficient funds to be signed off as a going concern.

PLANS FOR FUTURE PERIODS

The Trustees are pleased to confirm that the owners continue to emphasise their pursuit of the objects of the GSP as stated along with greater collaboration across the range of stakeholders within the club and within the Greater East Belfast Community.

The overarching aim for the Glentoran Social Partnership remains true to its original purpose - to create a structure and build resources that will enable the greater wellbeing and social inclusion for the people and groups of Greater East Belfast and beyond through community engagement in recreational activities such as sport, recreation community interest and leisure time. In establishing the Glentoran Social Partnership there is a growing appreciation and strategic ambition that each of the Objects and Purposes will integrate and support each other as a progression or as a pathway to achieve healthier lifestyles and social wellbeing in the Greater East Belfast Area.

The Trustees are delighted that the NI Assembly and Executive have returned and fully functional and over the next period will seek to develop plans to work closely with government departments. Whilst remaining resolute in the pursuit of funding under the Regional Stadia Plan the Trustees none the less have embarked on a pathway to pursue activities which will further reinforce the position of GSP as the lead organisation for community development within the 'Glentoran Family.'

Plans continue to support all other sections of the club that seek to promote, pursue, and deliver activities aligned with the Objects of GSP namely Glentoran in the Community Initiative within which volunteer groups associated with GSP will create and deliver initiatives and activities for identified groups such as the elderly, disadvantaged families, children, and young people aligned with the Objects.

The current investor team continues to stress the importance of pressing forward with plans to build a stronger platform for integrating the playing staff into the community to work with young people and youth organisations. This is beginning to gain traction through a move to full time status as part of the overall ambitions of the new owners and management team. A joint venture continues with Ashfield Boys School for a scholarship programme to align learning with sport with a Girls scholarship programme also established in 2023.

Funds remain to be distributed for strategic purposes. A very generous £10k was received as a result of a plea from the owner to his business contacts to support his work. The Trustees determined that these funds should be used for more substantive activities and therefore held to support more strategic initiatives going forward.

A new strategic plan for the whole organisation and how the GSP will form part of the plans continue to evolve. During the period a Glentoran in the Community Committee was formed to support the Trustees and the work of the GSP. It is still the stated aim of the Trustees to appoint a Social Outreach Coordinator to provide greater impetus and coordinated approach.
