**Reserves Policy**

While funding for the charity's core activities is secured until 2024, the charity needs to establish a reserves policy to have sufficient cash reserves should the company experience cash flow problems or costs involved in any potential wind up of the company.

It is recommended that reserves equivalent to twelve months' running costs for core activities together with anticipated improvements to fixed assets be retained. The target set and maintained for this in the current year is £20,300. The level of reserves are reviewed by the directors and management regularly throughout the year. The minimum level of reserves for the ongoing needs of the charity is reviewed by the trustees on annual basis.

**Plans for the future**

During the Covid-19 pandemic the short term aim of the charity was to continue to offer its key services based on funding received while restricting expenditure. Capital expenditure has recommenced now the charity is back to normal operating conditions, work has started on the construction of a playing field/multi-purpose sports facility with the first phase costs incurred by the charity and when funding is secured the next phase will be carried out. The long term aim remains to maintain the level of funding from existing funders while accessing new funders.

**Drumduff & Drumnakilly Community Association**  
**Notes to the Financial Statements**  
**for the year ended 30 September 2023**

**1 Accounting policies**

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a) ***Basis of preparation***

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Drumduff & Drumnakilly Community Association meets the definition of a public benefit entity as defined by FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

The charitable company has applied Update Bulletin 1 as published on 2 February 2016 and does not include a cash flow statement on the grounds that it is applying FRS 102 Section 1A.

b) ***Reconciliation with previous Generally Accepted Accounting Practice***

In preparing the accounts, the trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102 the restatement of comparative items was required.

c) ***Preparation of the accounts on a going concern basis***

The charity reported a deficit of £15,186 for the year. The directors are of the view that the immediate future of the charity is secure for the next 12 to 18 months and that on this basis the charity is a going concern.

The charity has significant reserves in place to provide services and maintain charity objectives. The uncertain economic outlook and continued competition from other charities for funding is a significant area of financial uncertainty which the directors have mitigated by remaining in regular contact with local authorities and funders to secure their ongoing financial support and grant funding.

d) ***Incoming resources***

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Voluntary income is received by way of grants, donations and gifts and is included in full in the statement of financial activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.
- Grants for the purpose of capital expenditure is included in full in the statement of financial activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.
- Investment income is included when receivable.
- Incoming resources from charitable trading activities are accounted for when earned.

e) ***Expenditure***

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of charitable activities includes the costs of training programmes delivered, commercial trading and other educational activities undertaken to further the purposes of the charity and their associated support costs.
- Governance costs represents those items required to audit and report on the charity activities.

**Drumduff & Drumnakilly Community Association**  
**Notes to the Financial Statements**  
**for the year ended 30 September 2023**

f) ***Fund accounting***

The Charity has two types of funds for which it is responsible:

(1) Unrestricted funds - the unrestricted fund is under the control of the Board of Directors, to be used in the furtherance of the objectives of the charity.

(2) Restricted funds - the restricted fund represents donations and grants received where the donor has imposed restrictions on the use of the funds which are legally binding on the Board of Directors.

Designated funds are unrestricted or restricted funds of the charity which the directors have decided at their discretion to set aside to use for a specific purpose.

g) ***Tangible fixed assets***

Individual fixed assets costing in excess of £1,000 are capitalised at cost and are depreciated over their estimated useful economic lives.

h) ***Depreciation***

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Land and property	4% straight line
Fixtures and fittings	25% reducing balance

i) ***Investments***

Fixed asset investments are valued at their market value.

j) ***Debtors***

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

k) ***Cash at bank and in hand***

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

l) ***Creditors and provisions***

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

m) ***Transactions in foreign currencies***

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

o) ***Grant income***

Income from government and other grants are recognised at fair value when the charity has entitlement after any performance conditions have been met, it is probable that the income will be received and the amount can be measured reliably. If entitlement is not met then these amounts are deferred.

p) ***Taxation***

As a charity, the charitable company is not liable to Corporation Tax.

**Drumduff & Drumnakilly Community Association**  
**Notes to the Financial Statements**  
**for the year ended 30 September 2023**

**2 Legal status of the Charity**
