**NOTES TO THE FINANCIAL STATEMENTS**  
**For the year ended 31 March 2025**

**1. GENERAL INFORMATION**

Willowbank Limited is a charitable company limited by guarantee incorporated in Northern Ireland, within the United Kingdom. In the event of the charitable company being wound up, the liability in respect of the guarantee is limited to £1 per member of the charitable company. The address of the registered office is as shown on page 2.

The charitable company constitutes a public benefit entity as defined by FRS 102.

**2. ACCOUNTING POLICIES**

The following accounting policies, as outlined below, have been applied consistently in dealing with items in relation to the charitable company's financial statements.

***2.1 Statement of Compliance***

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 (as updated through Update Bulletin 1 published on 2 February 2016), the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Companies Act 2006.

***2.2 Basis of Preparation***

The financial statements are prepared on a going concern basis under the historical cost convention unless otherwise stated in the relevant accounting policy. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

***2.3 Cash Flow Statement***

The charitable company has applied Update Bulletin 1 as published on 2 February 2016 and does not include a cash flow statement on the grounds that it is applying FRS 102 SORP.

***2.4 Income and Endowments***

***(i) Charitable Activities***

Income resources from charitable activities includes income received under contract or where entitlement to grant funding is subject to specific performance conditions. It is recognised as earned as the related services or goods are provided. Grant income is recognised in the statement of financial activities when receivable. Grant income included in this category provides funding to support projects and is recognised where there is entitlement, certainty of receipt and the amount can be measured with sufficient reliability.

***(ii) Other Trading Activities***

Voluntary income includes incoming resources from gifts, donations and grants and is recognised in full in the Statement of Financial Activities when receivable. Activities for generating funds are commercial activities which are recognised as earned when the related goods and services are provided.

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**For the year ended 31 March 2025**

**2. ACCOUNTING POLICIES (continued)**

**2.5 Resources Expended**

Expenditure is recognised when a liability is incurred. Contractual arrangements and performance related grants are recognised as goods and services are supplied. Where costs cannot be directly attributed to a particular heading, they have been allocated to activities on a basis consistent with use of resources. Staff costs and overhead expenses are allocated to activities on the basis of staff time spent on those activities.

**(i) Charitable Activities**

This comprises all the resources applied by the charity in undertaking its work to meet its charitable objectives. Charitable activities will include the costs of governance arrangements which relate to the general running of the charity.

**2.6 Fund Accounting**

The charity has two types of funds for which it is responsible at year end:

**Unrestricted Funds** – Funds which are expendable at the discretion of the directors in furtherance of the objectives of the charity. In addition, funds may be held in order to finance capital investment and working capital.

**Restricted Funds** – Income received for specific purposes. Such purposes are within the overall aims of the charity.

**2.7 Property, Plant and Equipment and Depreciation**

All property, plant and equipment are initially recorded at cost. Cost includes the original purchase price, costs directly attributable to bringing the asset to its working condition for its intended use, dismantling and restoration costs and borrowing costs capitalised.

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Buildings	2% Straight Line
Fixtures, Fittings and Equipment	25% Reducing balance
Motor Vehicles	25% Reducing balance

**2.8 Financial Instruments**

**(i) Financial Assets**

Basic financial assets, including trade and other receivables, cash and bank balances and amounts owed by related parties and are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**For the year ended 31 March 2025**

**2. ACCOUNTING POLICIES (continued)**

If there is decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) despite having retained some significant risks and rewards of ownership, control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

***(ii) Financial Liabilities***

Basic financial liabilities, including trade and other payables, bank loans and overdrafts and amounts owed to related parties are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. On this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

***(iii) Offsetting***

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

**2.9 Critical Accounting Judgements and Estimation Uncertainty**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**For the year ended 31 March 2025**

**2. ACCOUNTING POLICIES (continued)**

*Critical judgments in applying the entity's accounting policies*

There are no critical judgements in applying the charity's accounting policies.

*Critical accounting estimates and assumptions*

There are no actual accounting estimates and assumptions.

**2.10 Trade and Other Receivables**

Trade and other receivables are initially recorded at fair value and thereafter stated at cost less impairment losses for bad and doubtful debts.

**2.11 Trade and Other Payables**

Trade and other payables are initially recognised at fair value and thereafter stated at cost.

**2.12 Taxation**

As a charity, the charitable company is not liable to corporation tax.

**3. GOING CONCERN**

The company is dependent on Southern Health & Social Care Trust and National Lottery funding. On this basis, a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business. The directors have had discussions with both the Southern Health & Social Care Trust and National Lottery and are of the opinion that funding will continue for the foreseeable future to enable the company to discharge liabilities as they fall due. On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from the discontinuance of Southern Health & Social Care Trust or National Lottery funding, or its reduction to an inadequate level.
