Notes to the financial statements

1. Accounting policies

Set out below are the principal accounting policies which have been adopted in the compilation of the Receipts and Payments Account and the Statement of Assets and Liabilities

(a) Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipts basis.

(b) Statement of Assets and Liabilities

(i) Assets retained for the Parish's own use

The assets of the Parish, retained for its own use comprise:-

- Church Building
- Other buildings – Rectory and Church Office
- Various fixtures and fittings

The Church Building (including Christian artwork, materials and artefacts) are deemed to be Heritage Assets as defined by the Charities SORP (FRS102). These Heritage Assets are not included in the statement of assets and liabilities as information on the cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the Parish.

Other buildings comprising the Rectory and Church Office were built / acquired a number of years ago and accordingly reliable records of the initial cost, acquisition, subsequent capital works are not available. These buildings are included at insurance values only. Professional valuations have not been completed. No depreciation has been provided on these properties as the select vestry maintains these properties in good repair and the remaining useful life currently exceeds 50 years.

All of the Church land and buildings are vested in the Representative Church Body.

Fixtures and Fittings costing more than £1,000 are recognised at cost and are depreciated on a straight line basis over a period of 5 years. There are currently no fixtures and fittings costing more than £1,000 which were acquired within the previous 5 years.

ii) Investments

Investment in RCB Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date.
