Reference Trustees Report of Cairncastle N.S. Presbyterian Church 2024 Return:

To whom it may concern:

The Trustees of the above Church have undergone a change since our last returns and are reflected in this return.

Cairncastle now has a permanent minister who covers two congregations other than ours, but we are grateful to have someone who is now cognisant with the congregation and its activities.

We further confirm that the Church remains an active Church, albeit small, with a forward looking and progressive congregation.

We continue to rent out the "School Room" to a group of worshipers from a different country in order that they can practise their faith in both their own language as well their own tradition.

Funds have been used to carry out remedial work to the Church Hall, adjoining graves and entrance pillars in order to keep the fabric of our centre of worship in good condition.

Our Mission remains the same in that we are open to all to worship within our premises and continue to assist, where possible, in the pastoral needs of not only the members of our own congregation but also in the wider community.

Yours sincerely

Treasurer and Trustee
