Objective and activities

Gortalowry House Projects Limited provides a neutral venue, rent rooms to local community and charitable organisations under the general ethos of those providing support for the community. This includes migrant workers, childcare facilities, advice and support groups. Training organisations use our building regularly to provide a range of both personal and career enhancement training. Alongside this some recreational groups use our facilities, including a local children's dance group, a gardening club and inter-church forum. There are a number of groups who use small room for individual counselling and advice on everything from mental health to drug and alcohol abuse.

Given the level of expertise that has arisen over the years we do provide additional support at no charge to a number of local community and charitable groups in help with governance and policies and procedures to ensure that they are in a position to move forward within their organisations.

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Achievements and performance

The advancement of Education Gortalowry House is a community resource building whose primary aim is to provide a neutral venue for the community to assist them towards working together across the traditional political division in our community. This meant that since our building was opened in June 2000, and even before when we were in the mobile units, we provided a useful resource for the community. Gortalowry House believes that over the past years we have built and maintained a useful community resource not only in the fabric of the building itself but in the skills and expertise that the many individuals connected to the building have.
