

Benwarden Community Association Trustees Report

Due to the coronavirus and lockdowns etc, this was a difficult year for the Community Association. Despite that, we endeavoured to do a number of activities.

All activities brought opportunities for the advancement of citizenship or community development.

When possible, we met and staged events.

There are no harms resulting from any purposes.

All activities keep in mind our public benefit statement as listed.

We seek to promote the benefit of the members of Benwarden Community Association without distinction of age, sexual orientation, race or political / religious / other opinion.
