**Culmore and O’Kane Residents Association: NIC 10350**

**Objectives and Activities**

The main purpose of Culmore and O’Kane Residents Association is to advance community development for residents in the area and to improve education and training and generally work with community and statutory agencies improve the quality of life for residents.

**Achievements and Performance**

The year 01/04/2022 to 31/03/2023 was an extremely productive year for the organisation. The Association flourished, with the development of new and existing groups, rekindling a sense of community and attracting greater numbers to participate in a variety of community events. These included the Men’s Group whose members have participated in various health programmes and initiatives. The Ladies Group have also availed of team building outings, a pamper night, an information evening on ladies’ health, and domestic abuse as well as meeting weekly to enhance social inclusion and create a sense of community.

A Youth Group had also been established on a pilot basis but continued past the pilot phase. The Club was well attended which was indicative of the need for this facility to continue. Volunteers offered their time to support the development of the Youth Club. Senior Citizens were also included with various activities organised including a Tea Dance.

The group works closely with, and are grateful for the support of, various statutory and support organisations such as Supporting Communities, Fermanagh and Omagh District Council, Northern Ireland Housing Executive and Western Health and Social Care Trust.

### **Financial Review**

Culmore and O'Kane Residents Association's independently verified accounts show a total income of £4,866.32 and a total expenditure of £6,385.73. The closing balance at 31/03/2023 was £2,559.39. Culmore and O' Kane Residents Association acknowledged their sources of funding for the year.
