Trustee's Annual Report  
Accounting period 01/09/2020–31/08/2021

Yet again the Covid-19 pandemic disrupted the provision of service in late 2020 with another lockdown. The staff took every measure possible to ensure that service was resumed smoothly when the lockdown ended. The setting did not have to close during the year due to any covid infections spreading amongst either children or staff, which was fortuitous. The Board of Trustees are very grateful to have such dedicated and resilient staff who must be congratulated on their ability to cope with the pressures of a pandemic and the toll it took on them whilst delivering the same level of care and attention that they always have.
