

KILLOUGH PARISH CHURCH

ST. ANNE'S

ANNUAL REPORT FOR 2022

Due to repair work being done to the church since the summer, services have been curtailed to the minimum. Those that have taken place have been in the parochial hall. Thanks to those people that helped make the services a success. Parishioners of Killough attended other LAMP churches and also availed of the Cathedral services via the webcam during the closure. Parishioners also attended the ladies Breakfast in Frenchies at Clough. The gents had their breakfast at Pepper John's. The Evergreens Mondays up and going again. Bowls are also going again.

Sarah Irwin has moved on to work nearer to her home and her replacement is Billy Fyffe on our outreach Programme. As well as Billy joining us we now have a new curate, Sabrina. Both are very welcome.

It was planned in a previous year that we would do some well needed repairs to the church. This commenced with vestry obtaining the services of McCollum Conservation. Their report was accepted and acted upon. Work commenced in the autumn and at time of writing will have a completion date of march.

We look forward to "normal service" "being restored in the near future.
