

KILLOUGH PARISH CHURCH

ST. ANNE'S

ANNUAL REPORT FOR 2023

2023 Commenced with church services in the parochial hall as the church was having repairs done. Once the builder was finished in the spring a work party of parishioners worked hard to get the building ready for the reopening. Funding this repair came from our own funds and was topped up by a grant from the National Churches Trust. Staff from the Trust visited upon completion of the work and spoke with Select vestry

Billy Fyffe is running the childrens outreach in the Parochial hall during the week as well as hosting a monthly meeting for fellowship and our monthly Sunday service.

Bowls has recommenced over the winter and is well attended.

St.Anne's hosted the village carol service this year which was well attended. £336 was raised at the service. The 2 charities that benefitted were The Salvation Army and St. Vincent de Paul.

We have not had a lot of fundraising this year but will be having some events commencing in March2024. The hall is in need of repair,especially the kitchen area and to that end we will be starting some work in the near future
