

**LIMAVADY EVENTIDE CLUB.\***

**TRUSTEES REPORT FOR YEAR ENDING 31ST. MARCH 2018.**

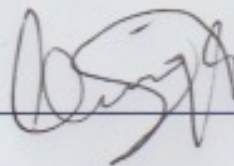

We were required to call an ambulance for one of our lady members who suffered a mini stroke. She was taken to hospital, where she was treated, and is now at home recovering.

Transportation costs continue to rise, and we have been notified of an impending increase.

Club attendance has dropped, due to the death of two of our members, and the retirement of a third, however morale remains high amongst the remaining members, and we continue to advance our existence when possible.

Financially the clubs reserves have fallen on last year, but we are awaiting the outcome of a Grant Application.
