

## Manna Ministries The Olde Paths Trustees report

Year ending 31st March 2024

The pace of things has been some what slower this year than in previous years. This has been largely due to the on going health issues that the Pastor has being battling in recent times. While this is the case, we are happy to report that the positive impact that the ministry has had on people's live has been growing.

This has been confirmed by the increasing number of those who have repeatedly visted our web site, and number of downloads of MP3s and writen articles. Which have raisen by approximately 30% on last years figures. We are currently averaging 3750 downloads a month. All of which are free of charge to the public and for their benefit.

As nothing new has been added to the site, we have to assume that these are mostly new people who have learned of us by word of mouth from those who have benifited from us in the past.

Even though there have been no new programs produced, we are still recieving very positive feedback from our old radio programs that are repeatedly

broadcast on the radio every week. Now because of the internet they can be recieved worldwide.

Our overseas ministry in the Phillippines has also grown wiith more and more requests for clothes from chuches. The demand for Bibles to be supplied in their own language has reached a point were we are finding it impossible to keep up. This is our annual report.
