I have examined your charity accounts as required Under Section 65 of the Charities Act and my examination was carried out in accordance with the General Directions given by the Charity Commission for Northern Ireland Under Section 65 (9) (b) of the Charities Act.

My examination included a review of the accounting records kept by the Charity and a comparison of accounts presented with those records. It also included consideration of any unusual/items or disclosures in the accounts, and seeking explanations from you as charity Trustees concerning any such matters.

Accounting Policies

Set out above are the principle accounting policies which have been adopted in the compilation of the Receipts and Payments Account (See Statement of Accounts) and the Statement of Assets and Liabilities (See Statement of Assets and Liabilities).

a. Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipt basis. Voluntary income is received by way of donations and gifts and is included in full in the statement of financial activities when receivable. The value of services provided by volunteers has not been included.

The Parish generally meets its day to day working capital requirements from its annual income unfortunately this was not the case this year. The Trustees have obtained and reviewed cash flow forecasts for the coming year and based on these are satisfied that the Parishes have resources to provide a reasonable expectation that it can meet its financial obligations as they fall due for the foreseeable future. Therefore these financial statements have been prepared on a going concern basis.

b. Statement of Assets and Liabilities

i. Assets retained for the Parishes' own use

The assets of the Parishes, retained for their own use comprise of:

Church Buildings and Graveyards

Parish Halls and Contents

Glebe House and Land

These are deemed to be Heritage Assets as defined by the Charities SORP (FRS 102). These Heritage Assets are included in the statement of assets and liabilities while the information of the cost or valuation is not currently available as such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the Church. However the valuations listed for the fixed assets refers to the 2016 valuation figures.

ii. Investments

Fixed asset Investments comprising investment properties, investment in equities (Ordinary Shares) and investment in RCB/CIT Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date. Investments in unquoted investments are recorded at cost and are assessed annually for impairment. (See Statement of Accounts).

Transactions with the Trustees

There were no transactions with the Trustees during the year ended 31st December 2019.

No Trustee or any person related to a trustee had any personal interest in any contract or transaction entered into by the Charity during the year.

Governance Costs

Governance costs of £100.00 were incurred during the year ended 31st December 2019. Governance costs are included within the Administration Costs in the Receipts and Payments Account.
