2022/23 was another challenging year for raising money, however I would like to say thank you to everyone involved in continued development of Irvinestown Primary School. Well done and thank you very much for your continued support to enhance the schooling life and development of our children.

Over the past year the PTA have had some positive feedback from parents, teachers, governors in our mission to be a successful PTA for the school raising valuable funds and I think we can say that we have achieved that.
