NI TELUGU MISSION

Our Mission: To identify and address social, cultural and educational NEEDS of Belfast Telugu Community in particular and Telugu people in general.

Northern Ireland Telugu Association (well know is NITA) is the biggest Telugu organization, in UK. NITA was founded at a convention in Belfast in 2011 of Telugus from all over Northern Ireland and was incorporated as a non-profit organization. NITA aims to perpetuate, integrate, and assimilate the cultural heritage of the Telugu-Speaking people into the mainstream of Northern Ireland. Telugu and Indian ethnic organizations around the world look up to NITA as a pioneer and role model for its various innovations in promoting culture and serving the community.

During its 3 years history, NITA has distinguished itself through its various activities in pursuit of its mission in Belfast. It plays an important role in developing, nurturing, preserving and propagating arts specific to the Telugu and Other indian community people. Last year we have started Kuchupudi dance and Carnatic music for Belfast KIDS. We are giving free coaching for Maths and English for 11 Plus examinations and maths/science Olympiad.
