The financial statements have been prepared under the historical cost convention.

Going Concern

At the time of approving the financial statements, the trustees' have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees' continue to adopt the going concern basis of accounting in preparing the financial statements.

Income Recognition

Income is recognised when the Charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

Interest Receivable

Interest on funds held is included when receivable and the amount can be measured reliably; this is normally upon notification of the interest paid or payable by the Bank.

Resources Expended

All expenditure is accounted for on an accruals basis and is classified under headings that aggregate all costs related to the category.

Fundraising costs include the costs of advertising, producing publications, printing and mailing fundraising material, and staff costs in these areas.

Costs of charitable activities include direct expenditure incurred through operational activities.

Governance costs represent the costs associated with the governance arrangements of the charity which relate to the general running of the charity as opposed to those costs associated with fundraising or charitable activity.

Repairs and Renewals

All repairs and renewals are written off as incurred

Pension Costs

The charity does currently operate a defined contribution pension scheme. This is operated via the UK Government NEST Pension Scheme.

Debtors and Prepayments

Financial Instruments

The Charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

Foreign Currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. STATEMENT OF ACCOUNTING POLICIES

Fund Accounting

Unrestricted funds are general funds that are available for use at the Trustees' discretion in furtherance of the objectives of the charity.

Designated funds are unrestricted funds set aside by the trustees out of unrestricted funds for specific future purposes.

Restricted funds are those given for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Reserves Policy

Unrestricted funds are needed to provide funds which can be applied to specific projects to enable these projects to be undertaken at short notice and to cover the running costs of the Charity for a limited period, should there be a significant shortfall in projected income.

Restricted funds must be utilised in compliance with funder criteria. Specifically, Department of Education Governance and Accountability guidance also provides details of a new reserves policy. Sure Start Projects are permitted to hold a maximum of two weeks equivalent of their annual budget allocation as reserves, if required, for working capital requirements at the financial year end.

In line with the requirement from our key funder, the organisation is unable to allocate any unused funding to reserves . All unspent monies must be returned to the funder.
