

2. By learning intellectually through talks, visits, songs, and craft young people will develop personal skills and understanding.
3. By learning social skills the young people will be friendly to others within and outside the drey and will understand that other people in the world may not look or sound the same as them.
4. By learning spiritually they will learn to be better citizens within a moral framework by supporting charities and learning about other faiths.
5. All the above skills will help the children to become more responsible citizens and active members of their communities.

The Leader during the year was: Glenda Eagleson

- Drey membership was 16 both male & female

#### Main Activities:

It has been a very busy year for our Drey with a varied programme of games, crafts, food, talks, play and activities. We participated in Remembrance Day service, we renewed our Squirrel promise. Halloween, Pancake Tuesday and Easter were all enjoyed with baking and games. Our Christmas party was shared with the Beavers for party games and food and a special visit from Santa. Throughout the year the squirrels have proudly earned badges for their achievements.

#### Review of our charity's financial position

Our funds are in a healthy state and we do not have any debts or funds in material deficit. We do not currently have a reserves policy but collect subscriptions and fees on a regular basis in order to satisfy contingencies and anticipated expenses.
