Mission Statement

Killeeshil Community Centre Association was established to promote and provide educational, cultural, social and recreational needs for the Killeeshil area and wider area.

The objective of the charity is to address the lack of accessible community facilities and services in the area through the maintenance of an appropriate multi-purpose community facility

The direct benefit of the charity is providing a central location for the local community to come together and assisting in the development of the community and wider community as a whole for present and future generations to enjoy.

This is primarily achieved by arranging drama, singing, dancing, job club and exercise classes all in the hope that social inclusion is promoted along with community volunteering. The Association also promotes health and well-being e.g. Open Door Club which promotes social intervention for elderly people in the area.

Killeeshil Community Centre Association works closely with statutory bodies, voluntary and community organisations and local residents in a common effort to promote citizenship and community development. These benefits are demonstrated through community events such as cycle sportive, tractor Run and Christmas fayre which all provide social inclusion for families within the Killeeshil and surrounding area.

Killeeshil Community Centre Association encourages feedback from all users by using evaluations, suggestion box initiatives, website and social media. Information meetings and attendance at annual general meetings are other avenues used to encourage people to sit on the committee and participate in workshops in the hope to gain an insight to what the community needs are.

The charity beneficiaries are the people of Killeeshil and the wider area, and its environs of Northern Ireland without distinction of age, gender, disability, sexual orientation, nationality, ethnic identity, political or religious opinion, by associating the statutory authorities, community and voluntary organisations and the inhabitants in a common effort to advance citizenship and community development, with the object to improve the conditions of life for the said inhabitants
