

## **Trustees Report for the year ended 31st December 2023.**

### **PUBLIC BENEFIT**

The congregation fulfilled its obligations under the above requirement during 2023. Sunday morning services and other devotional content were placed on website and social media platform.

A House of Worship and associated halls were maintained and used by members and non-members during the year as Presbyterian Church in Ireland guidelines permitted. Alongside Sunday School, Bible Class and Presbyterian Women, we also fulfilled our obligations by having Meet and Munch, Community Fridge with Refreshments, and Parents and Toddlers organisations open and available to members and non-members. Similarly our facilities were available and used by the Community, e.g. u3a activities, Sure Start, local Primary Schools and Community Group.
