

TRUSTEES ANNUAL REPORT

Our aims remain the same – improving the mental well-being, physical fitness, cultural awareness and education of members. Our members are a diverse group of people, ranging in age from fifty-five years and upwards.

As you can see from our accounts, our events and trips vary, these have been beneficial to our members. We encourage and allow time for others to make a contribution to planning activities and hence the variety of events. We as a Charity have met the Public Benefit Requirements.

Signed
