Our vision for this building is to create dedicated spaces for our children and youth during Sunday worship, as well as to establish an office for daily church activities.

**Financial Review**

The congregation's main source of income is member's contributions through weekly donations. There were 44 contributors during the year (42 in previous year, 2023) donating a total of £80,088 (£84,866 in previous year, 2023).

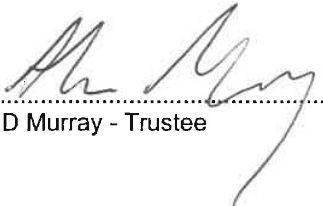

The total income of the congregation during the year was £131,153, compared to £113,323 in the previous year.

Total expenditure increased to £138,453 in 2024 from £97,802 in 2023.

**Reserves Policy**

The trustees have considered the level of unrestricted reserves that it is appropriate to hold, taking account of current and ongoing commitments. It is the policy of the trustees to hold between three and six month's normal expenditure. At the year end, unrestricted reserves were £51,187, which represents a higher level of reserves. The trustees however, consider it prudent to hold reserves at this level as the funding of its present activities is dependent on the on-going financial support of members and to allow for the purchase of a building for the charity in the future.
