
Truth Revealed Ministries NI (Charity Number NIC107017)
Chairman's Report for April 2024

Over the last year we have increased our presence in the local community as we aim to help more people in need. The board decided during the year to help fund free counselling for local people who could either not afford private counselling or were placed on a very long NHS waiting list, which only served to increase their anxiety etc. This offer of free counselling has been regularly used by those, locally, in need.

We continued to also reach out and help those in extreme need with practical help including purchasing essential household items (washing machine, fridge etc.), to those who had young families and were struggling financially to provide these basic needs. We were able to help others through a number of channels including, working with other charities and key people in the community who were aware of the communities needs.

Over the coming year we aim to not only continue our current activities but look to see how we can increase our presence in local communities.

Stephen Thompson (chairman)
