

Summary

Due to the constraints of covid and the vulnerability of the members and benefactors of this group, we have not been able to resume our work to date. There have been discussions with our Chairperson and the wider group (Jordanstown school community) and we have planned to resume our activities in early 2025.

Membership

We have had a lot of interest from new parents and staff who have indicated that they will support the group when it resumes.

Finance

There has been no movement in our finances since September 2021. When our activities resume, there will be a proposal to change the bank account provider to avoid further bank fees.

Challenges

Covid was a very difficult time for this group. Due to the vulnerability of our members and benefactors, it has taken much longer for us to resume our activities than anticipated. Zoom calls were not a solution for us as we are made up of mainly visually and hearing impaired members and service users.
