

Trustees Report 2022/2023

This past year has been a busy year with many challenges as the cost of living crisis has had an effect on donations. However we have to say that through it all many supporters have still given sacrificially. During the year at our mission base in Mindoro Philippines was indeed very busy. Every Monday our mission staff gathered the local poor children firstly for a fun time then some teaching and finishing with food. This has proved very profitable as it has given us the opportunity to reach out to their parents. Many children in this area do not go to school as their parents cannot afford the school fees.

We also now have a meeting for all the Mothers every week, again many of the Mothers are very poor with many needs. This has given us many opportunities to help these ladies. This meeting usually ends with food and a time of fellowship.

.During the week we also reach out to the local Prison and have the opportunity to bring the Gospel of Jesus to them and some times we are able to bring extra food for them. There are some terrible situations for the families of the prisoners as there is no support from Government.

Our Missionaries have access into many of the schools where they have time to minister to them. We also give every student and every prisoner a copy of the Gospel of John in their own language.

During the year we have supported two young girls through college to graduation. We have also given out many pieces of clothing and shoes (flip flops) and toiletries to poor families. These items have been shipped to us from Philippines Aid Project based in Ballymena for which we are very thankful.

We very much appreciate the many sacrifices that our Mission Team have made during this very busy year as they often go the second and third mile to bring help to those in need. We also are very appreciative of the work of our admin team who also do an exceptional job.

A very big thank you to all who have supported the work by their very generous donations and prayerful support, also those who volunteered their time which is very much appreciated indeed.

yours In His Service

Kenneth Wilson
Chief Executive
Reaching and Teaching Ministries
