

Mallusk and District Community Support  
Trustees report covering 1st March 2023 to 28th February 2024

Compiled by Michael vice chair on behalf of the above named group  
operating out of HydePark war memorial orange hall at number 106 Mallusk Road Newtownabbey  
charity number 108147

This report has been compiled as a tool in which can later be used to measure success and  
identify strengths and weaknesses along with meeting our statutory duty at the Charity  
Commission NI.

During this year we met all the criteria of our aims and objectives that was set out when the group  
was established and our core ethos of "supporting the people of Mallusk"  
During the year we met with elected reps both at council and Mila levels and discussed issues that  
needed addressing and got resolve, we carried out our fun days at Easter July Halloween and  
We worked with our community and met their requested needs. We completed 2 clean ups (litter  
picks and pathway cleansing) completed some more work on the war memorial garden and the  
hall. Although it appears some duplication of achievements are identical to last year these are  
some of the key aims we have set as targets and is our way of meeting them

In terms of improvement as identified at our last report "moving forward it was identified that our  
organisation and planning needs to take place earlier this is something we want to see marked and  
improvement in next year." I am pleased to announce there has been significant improvement and  
this is credit to the determination of our committee and volunteers  
For improvement and implementation for our next report it is decided that we look upon running  
more community involvement classes and training.

The financial situation this year is

For clarity purposes please see the group structure and who held what role this remains  
unchanged from last year
