

Teemore Regeneration Group

Annual Report 2023

The Committee of Teemore Regeneration Group present their Annual Report for the year 2023 and Accounts for the year 01.01.2023 to 31.12.2023 and confirm that they comply with requirements of The Charities Commission for Northern Ireland.

This report has been prepared by the Committee in line with the Objectives and Constitution of the Association.

OUR OBJECTIVES

Teemore Regeneration Group is an Unincorporated Association governed by an adopted Constitution. Application has been successfully made to the Charities Commission for Northern Ireland and is now recognised as a Charity.

Charity Registration Number: NIC108580

Charity Name: Teemore Regeneration Group

TRUSTEE REPORT

Teemore Regeneration Group was formed in December 2017 following a public engagement process initiated by the Fermanagh and Omagh District Council to ascertain the need and demand for a cross community group to promote the social, economic and physical regeneration of Teemore and surrounding area.

The Group has developed a comprehensive action plan detailing specific short, medium and long term actions to maximise the areas full potential.

Membership of the group is representative of the area profile in terms of religion, age and gender. Members bring with them a wealth of local knowledge, expertise and a determination to see the betterment of the area.

The public benefits of the charity continue to be:

- implementation of an environmental improvement scheme to include upgrade signage, street furniture, improve footpaths.
- support for those identified as vulnerable in the community e.g. shopping, collecting prescriptions, care package
- provision of classes e.g. keep fit, crafts catering for all age groups
- representation on the group from all sections of the community
- provision of projects examining culture and heritage of the local area
- provision of community events at different times throughout the year

Our beneficiaries continue to be those living in the Teemore area and its environs without distinction of age, gender, sexual orientation, race, ethnicity, political, religious, or other opinion.

The information below sets out the activities we have carried out to further our purposes and fulfil each of the public benefit elements during the last 12 months.

Community Social Events

Discos catering for children of primary school age continue to be very popular with attendees from outside the immediate area. We acknowledge that there are limited opportunities for children and young people in the Teemore area and seek where feasible to offer social events for all ages and interests.

The annual appearance of Santa is now an established feature in the social calendar attracting over 200 people to the Hall. The real Christmas tree and the erection of Christmas lights on the street poles on the Ballyconnell Road do much to create a sense of festivity and Christmas spirit in the area.

Traffic Calming

Mindful of the concerns of residents of speeding we have continued to engage with the Department for Infrastructure (DfI) and the PSNI to lobby for any measures that can make our roads safer. Increased attention from Roads Policing is welcomed as is the support of our local Councillors to raise issues at different forums.

Environmental Improvements

Our continued collaboration with Fermanagh and Omagh District Council has seen the enhancement of the car park area with floral displays and the installation of seating.

Future Plans

We are continuing to progress plans for the establishment of a Men's and Hen's Shed to cater for the older members of the community who have expressed an interest in a facility where they can meet and share stories and skills in a relaxed informal setting. To date we have encountered many barriers but are confident that with time we can overcome these.

We also have plans to deliver one off events such as wreath making and flower arranging to reach out to a different audience.
