Notes to the Financial Statements

1 COMPANY INFORMATION

Greater Shankill Alternatives Limited is an incorporated charity registered in Northern Ireland, with its offices located at, 137 Agnes Street, Belfast, BT13 1GG.

2 ACCOUNTING POLICIES

The principal accounting policies adopted, judgements and key sources of estimation in the preparation of the financial statements are as follows:

a) Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), and the Companies Act 2006.

b) Preparation of the accounts on a going concern basis

Due to the level of reserves in place the trustees assess that the charity is a going concern.

c) Fund Accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the Charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes.

General funds may be transferred to designated funds where Trustees wish to use these funds for a specific purpose. Such funds may be transferred back to general funds once the criteria for the designation have been met or are no longer applicable.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of restricted funds is set out in the notes to the financial statements. Restricted funds may only be transferred to general or designated funds once the criteria for restriction have been discharged or no longer apply.

d) Income Recognition Policies

Items of income are recognised and included in the accounts when all of the following criteria are met:

- The charity has entitlement to the funds;
- any performance conditions attached to the item of income has been met or are fully within the control of the charity.
- there is sufficient certainty that receipt of the income is considered probable; and
- the amount can be measured reliably.

e) Donated services and facilities

In accordance with the Charities SORP 2015 (FRS 102), the general volunteer time of supporters is not recognised.

f) Interest Receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

Notes to the Financial Statements (continued)

2 ACCOUNTING POLICIES (continued)

g) Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Expenditure on charitable activities includes the promotion and development of music and activities undertaken to further the purposes of the charity and their associated support costs.

h) Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening the deposit or similar account.

i) Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back office costs, finance, personnel, payroll and governance costs which support the charity's programmes and activities. These costs have been allocated to expenditure on charitable activities.

j) Tangible Fixed Assets

Individual fixed assets are capitalised at cost and are depreciated over their estimated useful economic lives on a straight line basis as follows:

Asset Category:	Annual Rate
Fixtures & Fittings	25% Straight Line

The carrying values of tangible fixed assets are reviewed for impairment when events or circumstances indicate the carrying value may not be recoverable.

k) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid after taking account of any trade discount due.

l) Creditors and Provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

m) Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at the carrying value plus accrued interest less repayments. The financing charge to expenditure is at a constant rate calculated using the effective interest method.

n) Taxation

The company is a registered charity and the charitable tax exemptions are therefore being claimed to the extent that income and/or gains are applicable and applied to charitable purposes only. These exemptions will remain in place as long as income and expenditure is applied to charitable purposes only.
