

POMEROY MEN'S SHED

TRUSTEES REPORT FOR 22-23

The trustees reported on a difficult year due to lack of attendance, therefore since December 22 the shed has rarely been opened.

Some courses were arranged by Rural Action e.g.: mosaic orb making and wood carving. The shed arranged a basic DIY course for women which had a reasonable attendance. Items were repaired for members of the public; a crib was made for St Marys PS and a farm for Queen Elizabeths.

Rural Action have courses planned for this year and we thank R Hunter and R A for their support during difficult times.

We also thank M Kelly and G Corrigan for their hard work in developing and equipping the Men's shed for the future, funding will be needed.
